High School Science Teacher, Tenor High School

Position:
Seeds of Health, a non-profit social service agency, is seeking a full-time teacher for the 2019-2020 school year to teach science courses to students in grades 9-12 at Tenor High School, a public charter school authorized by the University of Wisconsin-Milwaukee.

Tenor High School prepares Milwaukee students for successful entry to post-secondary education and career opportunities through the dual completion of a high school diploma and a Milwaukee Area Technical College program certificate and/or credits in a post-secondary degree program.

The qualified candidate must currently possess or be able to obtain a Wisconsin DPI license in Broad field Science (#1601), Life and Environmental Science (#1606), Chemistry (#1610) and Biology (#1605).

Tenor is seeking a dynamic teacher who is organized and has a passion for student learning. Candidates must have experience teaching within a multi-cultural environment and possess strong classroom management skills. Candidates must also have the ability to use various instructional strategies including, but not limited to, cooperative learning, differentiation, individual projects, use of the community to heighten instruction, and incorporating technology into effective teaching. Candidates must also possess strong interpersonal skills, with the ability to work successfully and positively with students and staff.

Employing Organization:
Seeds of Health, Inc. is a nonprofit social service agency that has operated in Milwaukee since 1983. Seeds of Health is a K-12 district with a total of six schools; Windlake Elementary (grades K-3), Windlake Academy (grades 4-8), Veritas High School, Tenor High School, MC2 High School, and Grandview High School. The schools have been recognized for high performance. Seeds of Health is the only charter agency that has a PreK-12 program.
