

Marquette Electrical and Computer Engineering's Dr. Nathan Weise has been selected to receive the **2020-21 Way Klingler Young Scholar Award**

Way Klingler Young Scholar Awards support promising young scholars in critical stages of their careers. Up to four awards will be given for 2020-2021 to full-time regular junior faculty in the three years following their third-year review. The awards are intended to fund \$2,000 in operating costs and to cover a portion of salary to afford the recipient a one-semester release from teaching. Individuals are selected by the Committee on Research.
