

What's next?

The MA program in English at MARQUETTE is ...

Public-facing. Now more than ever, society needs imaginative critical thinkers. MU's English graduate program seeks to cultivate diverse communities, conversations and careers. All English graduate students will participate in a small seminar exploring the question of how and why the humanities matter beyond the academy. Students will also attend MU's intensive graduate careers boot camp.

Personal and flexible. Every student works with a faculty mentor to discern their own path through the degree and into a career. MA students can apply for paid MAPS (Milwaukee Applied Partners) internship/fellowships; work with faculty on professional projects; or write scholarly/creative culminating theses. The Accelerated Degree Program (ADP) offers highly-qualified Marquette students the chance to earn a master's with one additional year of post-baccalaureate study.

Affordable. All MA students, including ADPs in their second year, receive a partial tuition subsidy which offers access to a private education at a cost (\$500/credit) that is lower than most public universities. Applicants to the 2-year MA are also considered for additional support including MAPS fellowships and departmental assistantships.

Apply here. <https://www.marquette.edu/grad/future-apply.php> No GRE is required. The application fee will be waived for current MU undergraduates. Applications are accepted on a rolling basis throughout the academic year. Questions? Contact Dr. Ben Pladek, Director of Graduate Studies or Dr. Gerry Canavan, Chair.
