About Me  I am currently a junior studying advertising. My favorite snack is brie and pepper jelly on crackers, and I love to eat it while watching soccer matches and movies.

What I Love About Marquette  What I love most about Marquette is the sense of community here. If I were out anywhere on earth and I came across a Marquette alum, they would be excited to have a conversation about their alma mater.

Favorite Campus Spot  My favorite spot is the carillon. I took a music appreciation class taught by the musician who plays it, so he took the class up there and we learned about its history and all got to give it a shot which was really cool.

Memorable Learning Experience  My favorite class has been my acting for camera class. It is interesting to learn about acting and the ins and outs of the hiring process of actors.

Current Activities  I am a member of the Delta Chi fraternity on campus. We participate in numerous service activities such as Make a Difference Day. Outside of class, I spend the majority of my time hanging out with friends and exploring Milwaukee by bicycle.

Post-Graduation Plans  My goal is to get a job at an advertising firm and work on the creative side of advertising to influence people’s perspectives. As I approach graduation, I am confident that Marquette has truly prepared me to “be the difference.”

Marquette Travel Experience  During my sophomore year, I was lucky to have the life-changing opportunity to study abroad in Madrid, Spain. Studying abroad allowed me to get out of my comfort zone by exploring a new city and culture, helped my Spanish language skills, and led me to a group of people who will be my lifelong friends.

You Are The Difference!  Thank you so much for making my Marquette experience possible. It means a lot to both me and my family that someone I do not know would share their generosity with me. One day, I hope to be able to do the same as you and share my sense of Marquette pride with another student. Thank you.
