ELECTRONIC DISTRIBUTION INFORMATION - Please select one of the five options below:

Note that any of the four Open Access Publishing options will eventually allow your work to be viewed by anyone, anywhere. The Embargo options, if chosen, simply delay the access to your work - it will not be available to anyone for the period of the embargo.

Restricted Publishing will limit your work to the Marquette campus community for two years, but your work will be available to the Marquette campus community immediately. After two years, if you don't request an extension, your work will be available to anyone, anywhere.

If you want to make your work completely unavailable for a period of time, for example to protect copyright or patent rights, then select one of the Embargo periods. If you want to allow your work to be immediately available, but only to the Marquette campus community, then select Restricted Publishing. If you want your work to be immediately available to anyone, anywhere, select Immediate Open Access.
