Haggerty Museum of Art
Activity Book
Hello, and thanks for diving into the Haggerty Museum of Art’s Activity Book! We hope that you enjoy the art-themed challenges and coloring pages in this book. Have you ever been to an art museum? Art museums offer everyone an opportunity to explore our world, and to open the door to our imagination!

Let us tell you a little about the Haggerty. Founded in 1984, the Museum is now in its 35th year! Our collection of over 7,000 works of art includes paintings, sculptures, photographs and other visual art pieces. Each year we offer numerous temporary exhibitions that change every few months, so there’s always something new on view.

We hope that you visit us at the Haggerty soon! We’re open every day, and are free to all. Check out our website at www.marquette.edu/haggerty for information about our exhibitions, programs, daily hours, and more!

The Haggerty Museum of Art opened its doors in 1984. Connect the dots in order starting from 1 to reveal our diamond window.
In 1983, New York based artist Keith Haring came to Milwaukee to paint the construction fence surrounding the Haggerty’s building site. Can you help Keith finish by coloring in the drawing below?

One of the most beloved paintings at the Haggerty is Salvador Dalí’s *Madonna of Port Lligat*, which was a gift from Mr. and Mrs. Ira Haupt. Thanks to their generosity, everyone can enjoy this wonderful work of art.
One rule at a museum is that we don’t touch works of art. This is because we might damage the piece with the oils from our hands, or accidentally knock the piece over. Can you think of ten things in your home (or at school or in nature) that you aren’t allowed to touch? Example: butterfly wings.

Artist Alexis Rockman travels the world, and uses those travels as inspiration for his paintings. He painted the *Kapok Tree* after visiting Guyana, a country in South America. This painting depicts a tree in the rainforest. It was generously gifted to the Haggerty Museum of Art by Peter Norton. How many different types of frogs can you color?
