Fees

Regular enrollment fee is $895 per person. Discounted course fees for Marquette alumni ($760) and current graduate students ($650). Fee includes all breaks and lunches. Fee also covers all course materials including handouts, use of dissection tools, aprons, cadaver, and anatomy and dissection texts.

Please bring clothing and shoes appropriate for gross dissection.

Accommodations

Housing on the MU campus may be available for a reasonable fee. Please note: these are very basic residence hall accommodations. You may call 414-288-7887 for more information or reservations. In addition, a list of nearby hotels will be sent upon receipt of your registration.

Location/Parking

Morning lectures will be held in room 087 of Cramer Hall. Afternoon sessions will be held in the Gross Anatomy Laboratory of the Walter Schroeder Health Sciences and Education Complex. Parking is available at the cost of $10/day in parking structure #1. The entrance is located on 16th Street just north of Wisconsin Avenue. Please call Parking Services at 414-288-6911 for additional parking information.

CE Credits

PLEASE NOTE: Unlike previous years, Marquette University’s College of Health Sciences HAS NOT been approved this year by the American Psychological Association to offer continuing education credits for psychologists. Disciplines such as physical and occupational therapy requiring CE Units will receive appropriate credit (2.1 CEU).

Substitutions/Refunds/Cancellations

If you cannot attend, call to substitute another person or transfer to another seminar. If you must withdraw, a full refund (minus a $25 administrative fee) will be issued if you do so at least two full working days before the first meeting of the course. No refunds will be given after the course has begun. MU reserves the right to cancel an educational program due to insufficient enrollment. Because of the sensitive nature of cadaveric dissection, those without prior experience may wish to consult with the course director prior to enrollment. (William E. Cullinan 414-288-4528)
