

# Registration Advising for First Year non-A&S students

## 01

### MAKE APPOINTMENT WITH COLLEGE ADVISOR

- You **MUST** meet with your College advisor to have your registration hold lifted.
- You can visit an honors advisor to answer any honors questions, but we cannot lift your hold. Visit the [honors website](#) to schedule your appointment.

- If you did not take CORE 1929H, HOPR 1955H, or THEO 1001H this fall, you should enroll this spring.
- If possible, take PHIL 1001 for H credit too. It is a requirement for all students, and taking an H section fulfills one of your honors electives.
- A full list of Honors courses is available [HERE](#).
- Do NOT take your ESSV 1 course (HOPR 2956H) until next year.

## 02

### HONORS CURRICULUM REMINDERS

- Be sure to prepare a schedule **BEFORE** your appointment.
- Balance your schedule: aim for 1-2 major courses, 1-2 [MCC](#) or [Honors](#) req., 1 exploratory course.
- Pick 1-2 back-up courses that fit with your schedule, in case an Honors class is full.
- Add courses to your Checkmarq shopping cart.

## 03

### PREPARE YOUR SPRING SCHEDULE

- The [MU Bulletin](#) outlines requirements for all majors/minors.
- [Class Search](#) allows you to find dates and times for all classes.
- [Schedule Planner](#) in Checkmarq allows you to add classes and create mock schedules.

## 04

### TOOLS FOR SCHEDULE PLANNING

## 05

### REGISTRATION

- Your registration appointment time is listed in Checkmarq (Checkmarq > Manage classes > Scroll down, bottom left > Appointment times)
- Put courses in your shopping cart prior to that date. Once registration opens, you log in and click "enroll."
- If you do not get into an H class, contact [Erin Brooker-Miller](#) to get on a waitlist. Send her the course and section number AND your reason for needing the course.
