Registration Advising for Third Year students

01 MAKE APPOINTMENT WITH YOUR PRIMARY ADVISOR

- If you have a College advisor, you must meet with that advisor to have your registration hold lifted. You may still meet with an Honors advisor, but we cannot lift holds for students who have College advisors.
- If Honors is your primary advisor, you need to meet with Honors. You can schedule an appointment here.

02 HONORS CURRICULUM REMINDERS

- Be sure to prepare a schedule BEFORE your appointment.
- Review the Discovery Theme courses and requirements here. When you're ready to declare your theme, this link explains the process.
- Pick 1-2 back-up courses that fit with your schedule, in case an Honors class is full.
- Add courses to your Checkmarq shopping cart.

03 PREPARE YOUR SPRING SCHEDULE

- The MU Bulletin outlines requirements for all majors/minors.
- Class Search allows you to find dates and times for all classes.
- Schedule Planner in Checkmarq allows you to add classes and create mock schedules.

04 TOOLS FOR SCHEDULE PLANNING

- Your registration appointment time is listed in Checkmarq (Checkmarq > Manage classes > Scroll down, bottom left > Appointment times)
- Put courses in your shopping cart prior to that date. Once registration opens, you log in and click "enroll."
- If you do not get into an H class, contact Erin Brooker-Miller to get on a waitlist. Send her the course and section number AND your reason for needing the course.

05 REGISTRATION

- A full list of Honors courses is available HERE. Note: we've expanded the Honors elective offerings.
