

Aurora Employee Assistance Program Child Care Consultation & Referral

Are you struggling to find child care for your children? An EAP Work-Life Specialist can assess family needs and preferences, explain available options and provide verified referrals to local after-school programs and family care providers. If you need a provider that takes care of children as they become ill, we can help you find a provider in your local area.

Is your family becoming overwhelmed with college catalogs as your child prepares to enter the college world? Your EAP Higher Education Services provides information and guidance on the college planning process, career research and toolkits, and financial aid/scholarships. If you are thinking of going back to school, the Higher Education service is an excellent resource for you too!

Over the summer, will you be moving to a new community? Your EAP K-12 Services assists parents of children in kindergarten through high school with information about schools and communities. Let us help you find a school in your local area.
