Dear Primary Care Provider,

Your patient is an employee or spouse of an employee at **Marquette University** and is requesting your assistance. In an effort to maintain and improve health and wellness, Marquette University is offering a Health Risk Assessment at no cost. The first part of the Health Risk Assessment is biometric testing. As an alternative to attending an on-site biometric screening, your patient has chosen to utilize the alternative screening option. Measurements taken in your office between **7/1/19 – 11/16/19** can be used towards this year's program. This form must be completed by the provider and faxed directly to Aurora Wellness Services by either the provider or the patient no later than **12PM on November 16, 2019**. **Do not send the results to Marquette University.**

In addition, please make a copy of this form for your patient. They may complete step two of the Health Risk Assessment process by filling out the online Health Risk Assessment (questionnaire) using the results of your biometrics exam.

Thank you in advance for your cooperation with this commendable effort on the part of Marquette University and their partner Aurora Health Care Wellness Services. If you have any questions please feel free to contact the Aurora Wellness Services Department at 877-765-3213, option #1.
