Leadership Development Program
Overview

Good leadership makes a profound difference in organizations. To meet the goals of Beyond Boundaries and to be recognized among the most innovative and accomplished Catholic, Jesuit universities in the world, we need leaders who engage our employees, reinforce our values, and build a climate where everyone can bring their best to their work every day.

Participants
To foster collaboration and build relationships among Marquette colleagues, the group will consist of 25 employees from all areas of the university.

Program Structure
Each cohort will run throughout a semester and consist of ½ day in-person meetings as well as independent assignments and readings to be completed between sessions. The in-person sessions will be held approximately every other Friday from 8:30 a.m. to 12:00 p.m. and the expected time commitment is 36 hours (inclusive of both the in-person and independent work) over the course of three months.

Summer cohorts will consist of a more condensed schedule and sessions will be held on Thursdays in June and July.

Expected Outcomes
Leadership Development Program participants will:
- Cultivate skills to successfully execute activities required to attain strategic goals.
- Develop essential leadership competencies.
- Enhance skills in the management of work and teams.
- Form and/or strengthen relationships with others to foster campus-wide collaboration.
- Create an individualized leadership development plan for continued growth and development in key leadership competencies.
Program Topics
- Adjusting to and preparing for change
- Collaboration and building relationships
- Communication methods
- Crucial Accountability
- Crucial Conversations
