INTRODUCTION

The purpose of this document is to provide You and Your covered Dependents, if any, with summary information on Your benefits along with information on Your rights and obligations under this Plan. As a valued employee of MARQUETTE UNIVERSITY, we are pleased to provide You with benefits that can help meet Your health care needs.

MARQUETTE UNIVERSITY is named the Plan Administrator for this group health plan. The Plan Administrator has retained the services of an independent Third Party Administrator, UMR, to process claims and handle other duties for this self-funded Plan. UMR does not assume liability for benefits payable under this Plan, as they are solely claims paying agents for the Plan Administrator.

The Employer assumes the sole responsibility for funding the employee benefits out of general assets, however employees help cover some of the costs of covered benefits through premium contributions, Deductibles, Co-pays and Coinsurance amounts as described in the Schedule of Benefits. All claim payments and reimbursements are paid out of the general assets of the employer and there is no separate fund that is used to pay promised benefits. The Plan is intended to comply with and be governed by the Employee Retirement Income Security Act of 1974 (ERISA) and its amendments as well as comply with Section 1557 of the Affordable Care Act (ACA).

Some of the terms used in this document begin with a capital letter, even though it normally would not be capitalized. These terms have special meaning under the Plan and most will be listed in the Glossary of Terms. When reading this document, please refer to the Glossary of Terms. Becoming familiar with the terms defined in the Glossary will help You better understand the provisions of this group health plan.

The requirements for being covered under this Plan, the provisions concerning termination of coverage, a description of the Plan benefits (including limitations and exclusions), cost sharing, the procedures to be followed in submitting claims for benefits and remedies available for appeal of claims denied are outlined in the following pages of this booklet. Please read this document carefully and contact Your Human Resources department if You have questions.

If You haven’t already received this, You will be getting an Identification Card that You should present to the provider when You receive services. This card also has phone numbers on the back of the card so You know who to call if You have questions or problems.

This document summarizes the benefits and limitations of the Plan and will serve as the SPD and Plan document. Therefore it will be referred to as both the Summary Plan Description (“SPD”) and Plan document.

MEDICAL SCHEDULE OF BENEFITS – CPHP PLAN

Benefit Plan(s) 001

All health benefits shown on this Schedule of Benefits are subject to the following: Benefit maximums, Deductibles, Co-pays, Coinsurance rates, and out-of-pocket maximums, if any. Refer to the Out-of-Pocket Expenses section of this SPD for more details.

Benefits are subject to all provisions of this Plan including any benefit determination based on an evaluation of medical facts and covered benefits. Refer to the Covered Medical Benefits and General Exclusions sections of this SPD for more details.

Important: Prior authorization may be required before benefits will be considered for payment. Failure to obtain prior authorization may result in a penalty or increased out-of-pocket costs. Refer to the Care Management section of this SPD for a description of these services and prior authorization procedures.

Notes: Refer to the Provider Network section for clarifications and possible exceptions to the In-Network or Out-Of-Network classifications.

If a benefit maximum is listed in the middle of a column on the Schedule of Benefits, that means that it is a combined Maximum Benefit for services that the Covered Person receives from all In-Network and Out-of-Network providers and facilities.

All health benefits shown on this Schedule of Benefits are subject to the following: Benefit maximums, Deductibles, Co-pays, Coinsurance rates, and out-of-pocket maximums, if any. Refer to the Out-of-Pocket Expenses section of this SPD for more details.

Benefits are subject to all provisions of this Plan including any benefit determination based on an evaluation of medical facts and covered benefits. Refer to the Covered Medical Benefits and General Exclusions sections of this SPD for more details.

Important: Prior authorization may be required before benefits will be considered for payment. Failure to obtain prior authorization may result in a penalty or increased out-of-pocket costs. Refer to the Care Management section of this SPD for a description of these services and prior authorization procedures.

Notes: Refer to the Provider Network section for clarifications and possible exceptions to the In-Network or Out-Of-Network classifications.

If a benefit maximum is listed in the middle of a column on the Schedule of Benefits, that means that it is a combined Maximum Benefit for services that the Covered Person receives from all In-Network and Out-Of-Network providers and facilities.

OUT-OF-POCKET EXPENSES AND MAXIMUMS
(Appplies to Benefit Plan(s) 001)

CO-PAYS

A Co-pay is the amount that the Covered Person must pay to the provider each time certain services are received. Co-pays do apply toward satisfaction of in-network or out-of-network out-of-pocket maximums. The Co-pay amount(s) are shown on the Schedule of Benefits.

DEDUCTIBLES

Deductible refers to an amount of money paid once a Plan Year by the Covered Person before any Plan Coinsurance is paid by this Plan. A Deductible applies to each Covered Person up to a family Deductible limit. When a new Plan Year begins, a new Deductible must be satisfied.

Deductible amounts are shown on the Schedule of Benefits.

Pharmacy expenses count toward meeting the Deductible of this Plan. The Deductible amounts that the Covered Person incurs for Covered Expenses will be used to satisfy the Deductible(s) shown on the Schedule of Benefits.

The Deductible amounts that the Covered Person incurs at all benefit levels (whether Incurred at an in-network or out-of-network provider) will be used to satisfy the applicable benefit level’s total individual and family Deductible.

If You have family coverage, any combination of covered family members can help meet the maximum family Deductible, up to each person’s individual Deductible amount.

If two or more covered family members are injured in the same Accident, only one Deductible needs to be met for those Covered Expenses which are due to that Accident, and Incurred during that calendar year.

PLAN COINSURANCE

Plan Coinsurance means that, after the Covered Person satisfies the Deductible, the Covered Person and the Plan each pay a percentage of the Covered Expenses until the Covered Person’s (or family’s, if applicable) annual out-of-pocket maximum is reached. The Plan Coinsurance rate is shown on the Schedule of Benefits. The Covered Person will be responsible for paying any remaining charges due to the provider after the Plan has paid its portion of the Covered Expense, subject to the Plan’s maximum fee schedule, Negotiated Rate, or Usual and Customary amounts as applicable. Once the annual out-of-pocket maximum has been satisfied, the Plan will pay 100% of the Covered Expense for the remainder of the Plan Year.

Any payment for an expense that is not covered under this Plan will be the Covered Person’s responsibility.

ANNUAL OUT-OF-POCKET MAXIMUMS

The annual out-of-pocket maximum is shown on the Schedule of Benefits. Amounts the Covered Person incurs for Covered Expenses, such as the Deductible, Co-pays if applicable, and any coinsurance expense, will be used to satisfy the Covered Person’s (or family’s, if applicable) annual in-network and out-of-network out-of-pocket maximum(s). Pharmacy expenses that the Covered Person incurs apply toward the out-of-pocket maximum of this Plan.
The following will not be used to meet the out-of-pocket maximums:

- Penalties, legal fees and interest charged by a provider.
- Expenses for excluded services.
- Any charges above the limits specified elsewhere in this document.
- Infertility services.
- Expenses Incurred as a result of failure to comply with prior authorization requirements for Hospital confinement.
- Any amounts over the Usual and Customary amount, Negotiated Rate or established fee schedule that this Plan pays.

The eligible out-of-pocket expenses that the Covered Person incurs at all benefit levels (whether Incurred at an in-network or out-of-network provider) will be used to satisfy the total out-of-pocket maximum.

NO FORGIVENESS OF OUT-OF-POCKET EXPENSES

The Covered Person is required to pay the out-of-pocket expenses (including Deductibles, Co-pays or required coinsurance) under the terms of this Plan. The requirement that You and Your Dependent(s) pay the applicable out-of-pocket expenses cannot be waived by a provider under any “fee forgiveness”, “not out-of-pocket” or similar arrangement. If a provider waives the required out-of-pocket expenses, the Covered Person’s claim may be denied and the Covered Person will be responsible for payment of the entire claim. The claim(s) may be reconsidered if the Covered Person provides satisfactory proof that he or she paid the out-of-pocket expenses under the terms of this Plan.

Deductible amounts are shown on the Schedule of Benefits. Generally, the applicable Deductible must be met before any benefits will be paid under this Plan. However, certain covered benefits may be considered Preventive / Routine Care and paid first dollar.

The Deductible amounts that the Covered Person incurs for Covered Expenses, including covered Pharmacy expenses, will be used to satisfy the Deductible(s) shown on the Schedule of Benefits.

The Deductible amounts that the Covered Person incurs at all benefit levels (whether Incurred at an in-network or out-of-network provider) will be used to satisfy the applicable benefit level's total individual and family Deductible.

If You have family coverage, any combination of covered family members can help meet the maximum family Out-of-pocket Maximum, up to each person’s individual Out-of-pocket Maximum amount. (Note: Once the individual Out-of-pocket Maximum has been met the plan will pay 100% for that Covered Person. The Individual Out-of-pocket Maximum can be found in the Schedule of Benefits.)

NO FORGIVENESS OF OUT-OF-POCKET EXPENSES

The claim(s) may be reconsidered if the Covered Person provides satisfactory proof that he or she paid the out-of-pocket expenses under the terms of this Plan.

The Covered Person’s ability to contribute to a Health Savings Account (HSA) on a tax favored basis may be affected by any arrangement that waives this Plan’s Deductible.
DEDUCTIBLES

Deductible refers to an amount of money paid once a Plan Year by the Covered Person before any Plan Coinsurance is paid by this Plan. A Deductible applies to each Covered Person with single coverage and to each family unit for Covered Persons with family coverage. When a new Plan Year begins, a new Deductible must be satisfied.

Deductible amounts are shown on the Schedule of Benefits. Generally, the applicable Deductible must be met before any benefits will be paid under this Plan. However, certain covered benefits may be considered Preventive / Routine Care and paid first dollar.

The Deductible amounts that the Covered Person incurs for Covered Expenses, including covered Pharmacy expenses, will be used to satisfy the Deductible(s) shown on the Schedule of Benefits.

The Deductible amounts that the Covered Person incurs at all benefit levels (whether Incurred at an in-network or out-of-network provider) will be used to satisfy the applicable benefit level’s total individual or family Deductible.

If You have family coverage, the family Deductible can be met by one covered family member or by any combination of covered family members.

ELIGIBILITY AND ENROLLMENT

ELIGIBILITY AND ENROLLMENT PROCEDURES

You are responsible for enrolling in the manner and form prescribed by Your employer. The Plan’s eligibility and enrollment procedures include administrative safeguards and processes designed to ensure and verify that eligibility and enrollment determinations are made in accordance with the Plan. The Plan may request documentation from You or Your Dependents in order to make these determinations. The coverage choices that will be offered to You will be the same choices offered to other similarly situated Employees.

Employees that are eligible and enroll for medical plan coverage, including employees hired after the Annual Enrollment period, will also have the opportunity to participate in a health risk assessment. Employees that complete all components of the health risk assessment will be eligible for a premium contribution discount. All medical plan participants will be given the opportunity to complete the health risk assessment annually.

ELIGIBILITY REQUIREMENTS

An eligible Employee is a person who is classified by the employer on both payroll and personnel records as an Employee who regularly works full time:

- Nonbargaining person, regularly scheduled to work for the Plan holder on a full-time basis for at least 37 ½ hours a week or have a similar academic appointment; or
- Bargaining person, regularly scheduled to work for the Plan holder for at least 30 hours a week; or
- Regularly scheduled to work for the Plan holder on a part-time basis for at least 80 hours a month/minimum of 1,000 hours per year; or
- Full-time temporary, minimum of a 1 calendar/academic year contract.

But for purposes of this Plan, it does not include the following classifications of workers except as determined by the employer in its sole discretion:

- Leased Employees.
- An Independent Contractor who signs an agreement with the employer as an Independent Contractor or other Independent Contractors as defined in this SPD.
- A consultant who is paid on other than a regular wage or salary by the employer.
- A member of the employer’s Board of Directors, an owner, partner, or officer, unless engaged in the conduct of the business on a full-time regular basis.

For purposes of this Plan, eligibility requirements are used only to determine a person’s initial eligibility for coverage under this Plan. The employer’s classification of an individual is conclusive and binding for purposes of determining eligibility under this Plan. Employees who meet eligibility requirements during a measurement period as required by the Affordable Care Act (ACA) regulations will have been deemed to have met the eligibility requirements for the resulting stability period as required by the ACA regulations. No reclassification of a person’s status, for any reason, by a third-party, whether by a court, governmental agency or otherwise, without regard to whether or not the employer agrees to such reclassification, shall change a person’s eligibility for benefits.

An eligible Employee who is covered under this Plan and who retires under the employer’s formal retirement plan will be eligible to continue participating in the Plan upon retirement, provided the individual continues to make the required contribution. Spouses and eligible children, if covered during the retired Employee’s active employment period, are also able to continue coverage. The retiree is eligible to continue health plan participation until age 65. At this time, if the spouse is under age 65, he/she can continue coverage (as the Employee), along with any covered children, until he/she reaches age 65. In all cases, Dependents (spouses and children), must continue to meet the definition of Dependent under the Plan.
Note: Eligible Employees and Dependents who decline to enroll in this Plan must state so in writing. In order to preserve potential Special Enrollment rights, eligible individuals declining coverage must state in writing that enrollment is declined due to coverage under another group health plan or health insurance policy. Proof of such plan or policy may be required upon application for Special Enrollment.

An eligible Dependent includes:

- Your legal spouse provided your spouse is not covered as an employee under this Plan. An eligible Dependent does not include an individual from whom you have obtained a legal separation or divorce unless court ordered. Documentation on a Covered Person’s marital status may be required by the Plan Administrator.

- A Dependent child until the child reaches his or her 26th birthday. The term “child” includes the following Dependents:
  - A natural biological child;
  - A step child;
  - A legally adopted child or a child legally Placed for Adoption as granted by action of a federal, state or local governmental agency responsible for adoption administration or a court of law if the child has not attained age 26 as of the date of such placement;
  - A child under Your (or Your spouse’s) Legal Guardianship as ordered by a court;
  - A child who is considered an alternate recipient under a Qualified Medical Child Support Order;

Note: An Employee must be covered under this Plan in order for Dependents to qualify for and obtain coverage.

NON-DUPLICATION OF COVERAGE: Any person who is covered as an eligible employee shall not also be considered an eligible Dependent under this Plan. An eligible Child will not be covered if the Child is covered as a Dependent of another Employee at this company.

Employees have the right to choose which eligible Dependents are covered under the Plan.

LEAVE OF ABSENCE AND FAMILY AND MEDICAL LEAVE ACT

An Employee may retain eligibility for coverage under this Plan if the Employee is temporarily absent on an approved leave of absence, with the expectation of returning to work following the approved leave as determined by the employer’s leave policy, provided that contributions continue to be paid on a timely basis.

If an Employee is on leave as provided by the Family and Medical Leave Act (FMLA), your share of the cost must be paid using one of three methods: pay in advance, pay-as-you-go, or catch-up contributions upon return to work. If you elect not to return to work for at least 30 days at the end of the leave period, you will be required to reimburse the Employer for the cost of the health benefits paid by the Employer for maintaining coverage during the unpaid leave, unless you cannot return to work because of a serious health condition or circumstances beyond your control. If you fail to return to work on the originally scheduled return date, you will be deemed to have voluntarily terminated employment. Health benefits will terminate on the last day of the leave.

Coverage will be continued for up to the greater of:

- The leave period required by the Federal Family and Medical Leave Act of 1993 and any amendment; or
- The leave period required by applicable state law.

If coverage is not continued during a family or medical leave of absence, when the employee becomes actively at work:

- No new Waiting Period will apply.
RIGHT TO CHECK A DEPENDENT’S ELIGIBILITY STATUS: The Plan reserves the right to check the eligibility status of a Dependent at any time throughout the year. You and Your Dependent have a notice obligation to notify the Plan should the Dependent’s eligibility status change throughout the Plan year. Please notify Your Human Resources Department regarding status changes.

EXTENDED COVERAGE FOR COVERED CHILDREN

Coverage under this Plan may be extended for a covered Child if the following conditions are met:

- The Dependent Child was covered by this Plan on the day before the Child’s 26th birthday; or
- The Dependent Child is a Dependent of an Employee newly eligible for the Plan; or
- The Dependent Child is eligible due to a Special Enrollment event or a Qualifying Status Change event, as outlined in the Section 125 Plan.

and the covered Child fits the following category:

If You have a Child covered under this Plan who is under the age of 26 and Totally Disabled, either mentally or physically, that Child's health coverage may continue beyond the day the Child would cease to be a Dependent under the terms of this Plan. You must submit written proof that the Child is Totally Disabled within 31 calendar days after the day coverage for the Dependent would normally end. The Plan may, for two years, ask for additional proof at any time, after which the Plan can ask for proof not more than once a year. Coverage can continue as long as the Child is deemed to be Totally Disabled under the terms of the Plan subject to the following minimum requirements:

- The Child must be dependent on the Employee or Spouse for more than half of his or her support; and:
- The Child must not be able to hold a self-sustaining job due to the disability; and
- Proof of the disability must be submitted as required (Notice of Award of Social Security Income is acceptable); and
- The Employee must still be covered under this Plan.

A Child who has not attained the age of 26 may re-enroll in the Plan when eligibility is met, subject to the Plan terms if the Child becomes Totally Disabled.

IMPORTANT: It is Your responsibility to notify the Plan Sponsor within 60 days if Your Dependent no longer meets the criteria listed in this section. If, at any time, the Dependent fails to meet the qualifications of Totally Disabled, the Plan has the right to be reimbursed from the Dependent or Employee for any medical claims paid by the Plan during the period that the Dependent did not qualify for extended coverage. Please refer to the COBRA Section in this document.

EFFECTIVE DATE OF EMPLOYEE’S COVERAGE

Your coverage will begin on the later of:

- If You apply within 30 days of hire, Your coverage will become effective the official date of hire.
- If You are eligible to enroll under the Special Enrollment Provision, Your coverage will become effective on the date set forth under the Special Enrollment Provision if application is made within 30 days of the event.
EFFECTIVE DATE OF COVERAGE FOR YOUR DEPENDENTS

Your Dependent’s coverage will be effective on the later of:

- The date Your coverage with the Plan begins if You enroll the Dependent at that time; or
- The date You acquire Your Dependent if application is made within 30 days of acquiring the Dependent; or
- If Your Dependent is eligible to enroll under the Special Enrollment Provision, the Dependent’s coverage will become effective on the date set forth under the Special Enrollment Provision, if application is made within 30 days following the event; or
- The date specified in a Qualified Medical Child Support Order.

A contribution will be charged from the first day of coverage for the Dependent, if additional contribution is required. In no event will Your Dependent be covered prior to the day Your coverage begins.

ANNUAL ENROLLMENT PERIOD

During the annual enrollment period, eligible employees and retirees will be able to enroll themselves and their eligible Dependents for coverage under this Plan.

If You and/or Your Dependent become covered under this Plan as a result of electing coverage during the annual group annual enrollment period, the following shall apply:

- The employer will give eligible employees written notice prior to the start of an annual enrollment period; and
- This Plan does not apply to charges for services performed or treatment received prior to the Effective Date of the Covered Person’s coverage; and
- The effective date of any eligible individual requesting coverage during the annual enrollment period will be January 1 immediately following completion of the annual enrollment period.

DECLINING ENROLLMENT PROVISION

If You decline coverage for yourself or Your Dependents because of other group health coverage or health insurance, You may in the future be able to enroll yourself or Your Dependents in this Plan, if You apply within 30 days after Your other coverage ends.

In addition, if You have a new Dependent as a result of marriage, birth, adoption or placement for adoption, You may be able to enroll yourself and certain Dependents, provided that You apply for enrollment within 30 days of marriage, birth, adoption or Placement for Adoption. Refer to the Special Enrollment Provision in this document.
TERMINATION

Please see the COBRA section of this SPD for questions regarding coverage continuation.

EMPLOYEE’S COVERAGE

Your coverage under this Plan will end on the earliest of:

- The end of the period for which Your last contribution is made, if You fail to make any required contribution towards the cost of coverage when due; or
- The date this Plan is canceled; or
- The date coverage for Your benefit class is canceled; or
- The last day of the month in which You tell the Plan to cancel Your coverage if You are voluntarily canceling it while remaining eligible because of change in status, special enrollment, or at annual enrollment periods. If you voluntarily terminate your coverage from the 1st – 15th of the month, your coverage will end at the end of the month. If you voluntarily terminate on the 16th of the month or after, your coverage will end the last day of the following month.
- The end of the stability period in which You became a member of a non-covered class, or notice/severance payment expires, as determined by the employer except if You are temporarily absent from work due to active military duty. Refer to USERRA under the USERRA section.
- The last day of the month in which You tell the Plan to cancel Your coverage if You are voluntarily canceling it while remaining eligible; or
- The last day of the month in which Your employment ends; or
- The date You submit a false claim or are involved in any other form of fraudulent act related to this Plan.

YOUR DEPENDENT’S COVERAGE

Coverage for Your Dependent will end on the earliest of the following:

- The end of the period for which Your last contribution is made, if You fail to make any required contribution toward the cost of Your Dependent’s coverage when due; or
- The last day of the month in which Your coverage ends; or
- The last day of the month in which Your Dependent is no longer Your legal spouse due to legal separation or divorce, as determined by the law of the state where the employee resides; or
- The last day of the month in which Your Dependent child attains the limiting age listed under the Eligibility section; or
- The date Dependent coverage is no longer offered under this Plan; or
- The day of the month in which You tell the Plan to cancel Your Dependent’s coverage if You are voluntarily canceling it while remaining eligible because of change in status, special enrollment, or at annual enrollment periods; or
- The last day of the month in which the Dependent becomes covered as an employee under this Plan; or
- The date You or Your Dependent submits a false claim or are involved in any other form of fraudulent act related to this Plan.
RESCISSION OF COVERAGE

As permitted by the Patient Protection and Affordable Care Act, the Plan reserves the right to rescind coverage. A rescission of coverage is a retroactive cancellation or discontinuance of coverage due to fraud or intentional misrepresentation of material fact.

A cancellation/discontinuance of coverage is not a rescission if:

- It has only a prospective effect; or
- It is attributable to non-payment of premiums or contributions; or
- It is initiated by You or Your personal representative;
- Coverage never took effect due to failure to provide any requested documentation regarding Dependent status.

REINSTATEMENT OF COVERAGE

If Your coverage ends due to termination of employment, leave of absence, reduction of hours, or layoff and You qualify for eligibility under this Plan again (are rehired or considered to be rehired for purposes of the Affordable Care Act) within 26 weeks from the date Your coverage ended, Your coverage will be reinstated. If Your coverage ends due to termination of employment, leave of absence, reduction of hours, or layoff and You do not qualify for eligibility under this Plan again (are not rehired or considered to be rehired for purposes of the Affordable Care Act) within 26 weeks from the date Your coverage ended, and You did not perform any hours of service that were credited within the 26-week period, You will be treated as a new hire and will be required to meet all the requirements of a new Employee. Refer to the information on the Family and Medical Leave Act and the Uniformed Services Employment and Reemployment Rights Act for possible exceptions, or contact Your Human Resources or Personnel office.
SPECIAL ENROLLMENT PROVISION
Under the Health Insurance Portability and Accountability Act

This Plan gives eligible persons special enrollment rights under this Plan if there is a loss of other health coverage or a change in family status as explained below. The coverage choices that will be offered to You will be the same choices offered to other similarly situated Employees.

Note: Retirees are not eligible for special enrollment due to loss of other coverage. Similarly, Retirees who are not currently participating in the Plan will not be eligible to enroll upon acquisition of a new Dependent. If a Retiree terminates from the plan, the Retiree will not be eligible to reenroll for any reason.

LOSS OF HEALTH COVERAGE

Current Employees and their Dependents have a special opportunity to enroll for coverage under this Plan if there is a loss of other health coverage. Your loss of other health coverage triggers special enrollment rights only if other coverage was in effect at the time You declined coverage. The Plan will not recognize Your special enrollment right due to a loss of coverage if other coverage was not in effect at the time You declined enrollment. You declined enrollment if You do not enroll in the Plan during the Plan’s annual enrollment period, a special enrollment period or upon COBRA being offered.

You and/or Your Dependents may enroll for health coverage under this Plan (or switch to another Plan option) due to loss of health coverage if the following conditions are met:

- You and/or Your Dependents were covered under a group health plan or health insurance policy at the time coverage under this Plan is offered; and
- You and/or Your Dependent stated in writing that the reason for declining coverage was due to coverage under another group health plan or health insurance policy; and
- The coverage under the other group health plan or health insurance policy was:
  - COBRA continuation coverage and that coverage was exhausted; or
  - Terminated because the person was no longer eligible for coverage under the terms of that plan or policy; or
  - Terminated and no substitute coverage is offered; or
  - Exhausted due to an individual meeting or exceeding a lifetime limit on all benefits; or
  - No longer receiving any monetary contribution toward the premium from the employer.

You or Your Dependent must request and apply for coverage under this Plan no later than 30 calendar days after the date the other coverage ended.

- You and/or Your Dependents were covered under a Medicaid plan or state child health plan and Your or Your Dependents coverage was terminated due to loss of eligibility. You must request coverage under this Plan within 60 days after the date of termination of such coverage.

You or Your Dependents may not enroll for health coverage under this Plan due to loss of health coverage under the following conditions:

- Your coverage was terminated due to failure to pay timely premiums or for cause such as making a fraudulent claim or an intentional misrepresentation of material fact, or
- You or Your Dependent voluntarily canceled the other coverage, unless the current or former employer no longer contributed any money toward the premium for that coverage.
CHANGE IN FAMILY STATUS

Current employees and their Dependents, COBRA Qualified Beneficiaries and other eligible persons have a special opportunity to enroll for coverage under this Plan if there is a change in family status. Retired employees who are Covered Persons have a special opportunity to enroll newly acquired Dependents for coverage under this Plan if there is a change in family status.

If a person becomes Your eligible Dependent through marriage, birth, adoption or Placement for Adoption, the employee, spouse and newly acquired Dependent(s) who are not already enrolled, may enroll for health coverage under this Plan during a special enrollment period. You must request and apply for coverage within 30 calendar days of marriage, birth, adoption or Placement for Adoption.

NEWLY ELIGIBLE FOR EMPLOYMENT ASSISTANCE UNDER MEDICAID OR CHILDREN’S HEALTH INSURANCE PROGRAM

Current Employees and their Dependents may be eligible for a Special Enrollment period if the Employee and/or Dependents are determined eligible, under a state’s Medicaid plan or state child health plan, for premium assistance with respect to coverage under this Plan. The Employee must request coverage under this Plan within 60 days after the date the Employee and/or Dependent is determined to be eligible for such assistance.

EFFECTIVE DATE OF COVERAGE UNDER SPECIAL ENROLLMENT PROVISION

If You properly apply for coverage during this special enrollment period, the coverage will become effective:

- In the case of marriage, on the date of the marriage; or
- In the case of a Dependent's birth, on the date of such birth; or
- In the case of a Dependent's adoption, the date of such adoption or Placement for Adoption; or
- In the case of eligibility for premium assistance under a state’s Medicaid plan or state child health plan, on the date the approved request for coverage is received; or
- In the case of loss of coverage, on the date following loss of coverage.

RELATION TO SECTION 125 CAFETERIA PLAN

This Plan may also allow additional changes to enrollment due to change in status events under the employer’s Section 125 Cafeteria Plan. Refer to the employer’s Section 125 Cafeteria Plan for more information.
COBRA CONTINUATION OF COVERAGE

Note: UMR (the claims administrator) does not administer the benefits or services described within this provision. Please contact the benefit manager or Your employer with any questions related to this coverage or service.

Important. Read this entire provision to understand a Covered Person’s COBRA rights and obligations.

The following is a summary of the federal continuation requirements under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as amended. This summary generally explains COBRA continuation coverage, when it may become available to You and Your family, and what You and Your Dependents need to do to protect the right to receive it. When You become eligible for COBRA, You may also become eligible for other coverage options that may cost less than COBRA continuation coverage. This summary provides a general notice of a Covered Person’s rights under COBRA, but is not intended to satisfy all of the requirements of federal law. Your employer or the COBRA Administrator will provide additional information to You or Your Dependents as required.

You may have other options available to You when You lose group health coverage. For example, You may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, You may qualify for lower costs on Your monthly premiums and lower out-of-pocket costs. Additionally, You may qualify for a 30-day special enrollment period for another group health plan for which You are eligible (such as a spouse’s plan), even if that plan generally does not accept Late Enrollees.

INTRODUCTION

Federal law gives certain persons, known as Qualified Beneficiaries (defined below), the right to continue their health care benefits beyond the date that they might otherwise terminate. The Qualified Beneficiary must pay the entire cost of the COBRA continuation coverage, plus an administrative fee. In general, a Qualified Beneficiary has the same rights and obligations under the Plan as an active participant.

A Qualified Beneficiary may elect to continue coverage under this Plan if such person’s coverage would terminate because of a life event known as a Qualifying Event, outlined below. When a Qualifying Event causes (or will cause) a Loss of Coverage, then the Plan must offer COBRA continuation coverage. Loss of Coverage means more than losing coverage entirely. It means that a person ceases to be covered under the same terms and conditions that are in effect immediately before the Qualifying Event. In short, a Qualifying Event plus a Loss of Coverage allows a Qualified Beneficiary the right to elect coverage under COBRA.

Generally, You, Your covered spouse, and Your Dependent Children may be Qualified Beneficiaries and eligible to elect COBRA continuation coverage even if the person is already covered under another employer-sponsored group health plan or is enrolled in Medicare at the time of the COBRA election.

COBRA CONTINUATION COVERAGE FOR QUALIFIED BENEFICIARIES

The length of COBRA continuation coverage that is offered varies based on who the Qualified Beneficiary is and what Qualifying Event is experienced as outlined below.

An Employee will become a Qualified Beneficiary if coverage under the Plan is lost because either one of the following Qualifying Events happens:

- Your employment ends for any reason other than Your gross misconduct
- Your hours of employment are reduced

(There are two ways in which this 18-month period of COBRA continuation coverage can be extended. See the section below entitled “The Right to Extend Coverage” for more information.)
The spouse of an Employee will become a Qualified Beneficiary if coverage is lost under the Plan because any of the following Qualifying Events happen:

<table>
<thead>
<tr>

<th>Length of Continuation</th>

</thead>
<tbody>
<tr>
<td>Your spouse dies</td>
<td>up to 36 months</td>

| If You are a Retired Employee and Your employer files bankruptcy under Title 11 of the United States Code this may be a Qualifying Event. If the bankruptcy results in Loss of Coverage under this Plan, then the Retired Employee is a Qualified Beneficiary. The Retired Employee’s spouse, surviving spouse and Dependent Children will also be Qualified Beneficiaries if bankruptcy results in their Loss of Coverage under this Plan. | up to 36 months        |

Note: A spouse or Dependent Child newly acquired (newborn or adopted) during a period of continuation coverage is eligible to be enrolled as a Dependent. The standard enrollment provision of the Plan applies to enrollees during continuation coverage. A Dependent, other than a newborn or newly adopted Child, acquired and enrolled after the original Qualifying Event, is not eligible as a Qualified Beneficiary if a subsequent Qualifying Event occurs.
COBRA NOTICE PROCEDURES

THE NOTICE(S) A COVERED PERSON MUST PROVIDE UNDER THIS SUMMARY PLAN DESCRIPTION

To be eligible to receive COBRA continuation coverage, covered Employees and their Dependents have certain obligations with respect to certain Qualifying Events (including divorce or legal separation of the Employee and spouse or a Dependent Child’s loss of eligibility for coverage as a Dependent) to provide written notices to the administrator. Follow the rules described in this procedure when providing notice to the administrators, either Your employer or the COBRA administrator.

A Qualified Beneficiary’s written notice must include all of the following information: (A form to notify the COBRA administrator is available upon request.)

- The Qualified Beneficiary’s name, their current address and complete phone number,
- The group number, name of the employer that the Employee was with,
- Description of the Qualifying Event (i.e., the life event experienced), and
- The date that the Qualifying Event occurred or will occur.

For purposes of the deadlines described in this Summary Plan Description, the notice must be postmarked by the deadline. In order to protect Your family’s rights, the Plan Administrator should be informed of any changes in the addresses of family members. Keep a copy of any notices sent to the Plan Administrator or COBRA administrator.

COBRA NOTICE REQUIREMENTS AND ELECTION PROCESS

EMPLOYER OBLIGATIONS TO PROVIDE NOTICE OF THE QUALIFYING EVENT

Your employer will give notice to the COBRA administrator when coverage terminates due to Qualifying Events that are the Employee’s termination of employment or reduction in hours, death of the Employee, or the Employee becoming entitled to Medicare benefits due to age or disability (Part A, Part B, or both). Your employer will notify the COBRA administrator within 30 calendar days when these events occur.

EMPLOYEE OBLIGATIONS TO PROVIDE NOTICE OF THE QUALIFYING EVENT

The Covered Person must give notice to the Plan Administrator in the case of other Qualifying Events that are divorce or legal separation of the Employee and a spouse, a Dependent Child ceasing to be eligible for coverage under the Plan, or a second Qualifying Event. The covered Employee or Qualified Beneficiary must provide written notice to the Plan Administrator in order to ensure rights to COBRA continuation coverage. The Covered Person must provide this notice within the 60-calendar day period that begins on the latest of:

- The date of the Qualifying Event; or
- The date on which there is a Loss of Coverage (or would be a Loss of Coverage) due to the original Qualifying Event; or
- The date on which the Qualified Beneficiary is informed of this notice requirement by receiving this Summary Plan Description or the General COBRA Notice.

The Plan Administrator will notify the COBRA administrator within 30 calendar days from the date that notice of the Qualifying Event has been provided.

The COBRA administrator will, in turn, provide an election notice to each Qualified Beneficiary within 14 calendar days of receiving notice of a Qualifying Event from the employer, covered Employee or the Qualified Beneficiary.
MAKING AN ELECTION TO CONTINUE GROUP HEALTH COVERAGE

Each Qualified Beneficiary has the independent right to elect COBRA continuation coverage. A Qualified Beneficiary will receive a COBRA election form that must be completed to elect to continue group health coverage under this Plan. A Qualified Beneficiary may elect COBRA coverage at any time within the 60-day election period. The election period ends 60 calendar days after the later of:

- The date Plan coverage terminates due to a Qualifying Event; or
- The date the Plan Administrator provides the Qualified Beneficiary with an election notice.

A Qualified Beneficiary must notify the COBRA administrator of their election in writing to continue group health coverage and must make the required payments when due in order to remain covered. If the Qualified Beneficiary does not choose COBRA continuation coverage within the 60-day election period, group health coverage will end on the day of the Qualifying Event.

PAYMENT OF CLAIMS AND DATE COVERAGE BEGINS

No claims will be paid under this Plan for services the Qualified Beneficiary receives on or after the date coverage is lost due to a Qualifying Event. If, however, the Qualified Beneficiary decides to elect COBRA continuation coverage within the 60-day election period, group health coverage will be reinstated back to the date coverage was lost, provided that the Qualified Beneficiary properly elects COBRA on a timely basis and makes the required payment when due. Any claims that were denied during the initial COBRA election period will be reprocessed once the COBRA administrator receives the completed COBRA election form and required payment.

PAYMENT FOR CONTINUATION COVERAGE

Qualified Beneficiaries are required to pay the entire cost of continuation coverage, which includes both the employer and Employee contribution. This may also include a 2% additional fee to cover administrative expenses (or in the case of the 11-month extension due to disability, a 50% additional fee). Fees are subject to change at least once a year.

If Your employer offers annual open enrollment opportunities for active Employees, each Qualified Beneficiary will have the same options under COBRA (for example, the right to add or eliminate coverage for Dependents). The cost of continuation coverage will be adjusted accordingly.

The initial payment is due no later than 45 calendar days after the Qualified Beneficiary elects COBRA as evidenced by the postmark date on the envelope. This first payment must cover the cost of continuation coverage from the time coverage under the Plan would have otherwise terminated, up to the time the first payment is made. If the initial payment is not made within the 45-day period, then coverage will remain terminated without the possibility of reinstatement. There is no grace period for the initial payment.

The due date for subsequent payments is typically the first day of the month for any particular period of coverage, however the Qualified Beneficiary will receive specific payment information including due dates, when the Qualified Beneficiary becomes eligible for and elects COBRA continuation coverage. Payments postmarked within a 30 day grace period following the due date are considered timely payments.

If, for whatever reason, any Qualified Beneficiary receives any benefits under the Plan during a month for which the payment was not made on time, then the Qualified Beneficiary will be required to reimburse the Plan for the benefits received.

If the COBRA administrator receives a check that is missing information or has discrepancies regarding the information on the check (i.e., the numeric dollar amount does not match the written dollar amount), the COBRA administrator will provide a notice to the Qualified Beneficiary with information regarding what needs to be done to correct the mistake.

Note: Payment will not be considered made if a check is returned for non-sufficient funds.
A QUALIFIED BENEFICIARY’S NOTICE OBLIGATIONS WHILE ON COBRA

Always keep the COBRA administrator informed of the current addresses of all Covered Persons who are or who may become Qualified Beneficiaries. Failure to provide this information to the COBRA administrator may cause You or Your Dependents to lose important rights under COBRA.

In addition, after any of the following events occur, written notice to the COBRA administrator is required within 30 calendar days of:

- The date any Qualified Beneficiary marries. Refer to the Special Enrollment section of this SPD for additional information regarding special enrollment rights.
- The date a Child is born to, adopted by, or Placed for Adoption by a Qualified Beneficiary. Refer to the Special Enrollment section of this SPD for additional information regarding special enrollment rights.
- The date of a final determination by the Social Security Administration that a disabled Qualified Beneficiary is no longer disabled.
- The date any Qualified Beneficiary becomes covered by another group health plan or enrolls in Medicare Part A or Part B.
- Additionally, if the COBRA administrator or the Plan Administrator requests additional information from the Qualified Beneficiary, the Qualified Beneficiary must provide the requested information in the timeframe outlined in the request document.

LENGTH OF CONTINUATION COVERAGE

COBRA coverage is available up to the maximum periods described below, subject to all COBRA regulations and the conditions of this Summary Plan Description:

- For Employees and Dependents, 18 months from the Qualifying Event if due to the Employee’s termination of employment or reduction of work hours. (If an active Employee enrolls in Medicare before his or her termination of employment or reduction in hours, then the covered spouse and Dependent Children would be entitled to COBRA continuation coverage for up to the greater of 18 months from the Employee’s termination of employment or reduction in hours, or 36 months from the earlier Medicare Enrollment Date, whether or not Medicare enrollment is a Qualifying Event.)

- For Dependents only. 36 months from the Qualifying Event if coverage is lost due to one of the following events:
  - Employee’s death.
  - Employee’s divorce or legal separation.
  - Former Employee becomes enrolled in Medicare.
  - A Dependent Child no longer being a Dependent as defined in the Plan.

- For Retired Employees and Dependents of Retired Employees only. If bankruptcy of the employer is the Qualifying Event that causes Loss of Coverage, the Qualified Beneficiaries can continue COBRA continuation coverage for the following maximum period, subject to all COBRA regulations. The covered Retired Employee can continue COBRA coverage for the rest of his or her life. The covered spouse, surviving spouse or Dependent Child of the covered Retired Employee can continue coverage until the earlier of:
  - The date the Qualified Beneficiary dies; or
  - The date that is 36 months after the death of the covered Retired Employee.
THE RIGHT TO EXTEND THE LENGTH OF COBRA CONTINUATION COVERAGE

While on COBRA continuation coverage, certain Qualified Beneficiaries may have the right to extend continuation coverage provided that written notice to the COBRA administrator is given as soon as possible but no later than the required timeframes stated below.

Social Security Disability Determination (For Employees and Dependents): A Qualified Beneficiary may be granted an 11-month extension to the initial 18-month COBRA continuation period, for a total maximum of 29 months of COBRA in the event that the Social Security Administration determines the Qualified Beneficiary to be disabled either before becoming eligible for, or within the first 60 days of being covered by COBRA continuation coverage. This extension will not apply if the original COBRA continuation was for 36 months.

If the Qualified Beneficiary has non-disabled family members who are also Qualifying Beneficiaries, those non-disabled family members are also entitled to the disability extension.

The Qualified Beneficiary must give the COBRA administrator a copy of the Social Security Administration letter of disability determination before the end of the 18-month period and within 60 days of the later of:

- The date of the SSA disability determination;
- The date the Qualifying Event occurs;
- The date the Qualified Beneficiary loses (or would lose) coverage due to the original Qualifying Event; or
- The date on which the Qualified Beneficiary is informed of the requirement to notify the COBRA administrator of the disability by receiving this Summary Plan Description or the General COBRA Notice.

Note: Premiums may be higher after the initial 18-month period for persons exercising this disability extension provision available under COBRA.

If the Social Security Administration determines the Qualified Beneficiary is no longer disabled, the Qualified Beneficiary must notify the Plan of that fact within 30 days after the Social Security Administration’s determination.

Second Qualifying Events: (Dependents Only) If Your family experiences another Qualifying Event while receiving 18 months of COBRA continuation coverage, the spouse and Dependent Children in Your family who are Qualified Beneficiaries can receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second event is provided to the COBRA administrator. This additional coverage may be available to the spouse or Dependent Children who are Qualified Beneficiaries if the Employee or former Employee dies, becomes entitled to Medicare (part A, part B or both) or is divorced or legally separated, or if the Dependent Child stops being eligible under the Plan as a Dependent. This extension is available only if the Qualified Beneficiaries were covered under the Plan prior to the original Qualifying Event or in the case of a newborn Child being added as a result of a HIPAA special enrollment right. A Dependent acquired during COBRA continuation (other than newborns and newly adopted Children) is not eligible to continue coverage as the result of a subsequent Qualifying Event. These events will only lead to the extension when the event would have caused the spouse or Dependent Child to lose coverage under the Plan had the first qualifying event not occurred.

You or Your Dependents must provide the notice of a second Qualifying Event to the COBRA administrator within a 60-day period that begins to run on the latest of:

- The date of the second Qualifying Event; or
- The date the Qualified Beneficiary loses (or would lose) coverage due to the second Qualifying Event; or
- The date on which the Qualified Beneficiary is informed of the requirement to notify the COBRA administrator of the second Qualifying Event by receiving this Summary Plan Description or the General COBRA Notice.
COVERAGE OPTIONS OTHER THAN COBRA CONTINUATION COVERAGE

There may be other coverage options for You and Your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage (such as a spouse’s plan) through what is called a “special enrollment period.” Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

EARLY TERMINATION OF COBRA CONTINUATION

COBRA continuation coverage may terminate before the end of the above maximum coverage periods for any of the following reasons:

- The employer ceases to maintain a group health plan for any Employees. (Note that if the employer terminates the group health plan that the Qualified Beneficiary is under, but still maintains another group health plan for other similarly-situated Employees, the Qualified Beneficiary will be offered COBRA continuation coverage under the remaining group health plan, although benefits and costs may not be the same).

- The required contribution for the Qualified Beneficiary’s coverage is not paid within the timeframe expressed in the COBRA regulations.

- After selecting COBRA continuation coverage, the Qualified Beneficiary becomes entitled to and enrolled with Medicare.

- After selecting COBRA continuation coverage, the Qualified Beneficiary becomes covered under another group health plan.

- The Qualified Beneficiary is found not to be disabled during the disability extension. The Plan will terminate the Qualified Beneficiary's COBRA continuation coverage one month after the Social Security Administration makes a determination that the Qualified Beneficiary is no longer disabled.

- Termination for cause, such as submitting fraudulent claims.

SPECIAL NOTICE (Read This If Thinking Of Declining COBRA Continuation Coverage)

At the time of a COBRA Qualifying Event, a Qualified Beneficiary has two primary options. The first is to waive his or her right to COBRA and make an election for coverage, whether group health coverage or insurance coverage through the individual market or the exchanges, in accordance with his or her HIPAA special enrollment rights. Please refer to the Special Enrollment section for further details. The second option is to elect COBRA continuation coverage. If COBRA continuation coverage is elected, the continuation coverage must be maintained (by paying the cost of the coverage) for the duration of the COBRA continuation period. If the continuation coverage is not exhausted and maintained for the duration of the COBRA continuation period, the Qualified Beneficiary will lose his or her special enrollment rights. It is important to note that losing HIPAA special enrollment rights may have adverse effects for the Qualified Beneficiary as it will make it difficult to obtain coverage, whether group health coverage or insurance coverage through the individual market or the exchange. After COBRA continuation coverage is exhausted, the Qualified Beneficiary will have the option of electing other group health coverage or insurance coverage through the individual market or the exchange, in accordance with his or her HIPAA special enrollment rights.

DEFINITIONS

Qualified Beneficiary means a person covered by this group health Plan immediately before the Qualifying Event who is the Employee, the spouse of a covered Employee or the Dependent Child of a covered Employee. This includes a Child who is born to or Placed for Adoption with a covered Employee during the Employee’s COBRA coverage period if the Child is enrolled within the Plan’s Special Enrollment Provision for newborns and adopted Children. This also includes a Child who was receiving benefits under this Plan pursuant to a Qualified Medical Child Support Order (QMCSO) immediately before the Qualifying Event.
Qualifying Event means Loss of Coverage due to one of the following:

- The death of the covered Employee.
- Voluntary or involuntary termination of the covered Employee’s employment (other than for gross misconduct).
- A reduction in work hours of the covered Employee.
- Divorce or legal separation of the covered Employee from the Employee’s spouse. (Also, if an Employee terminates coverage for his or her spouse in anticipation of a divorce or legal separation, and a divorce or legal separation later occurs, then the later divorce or legal separation may be considered a Qualifying Event even though the ex-spouse lost coverage earlier. If the ex-spouse notifies the Plan or the COBRA administrator in writing within 60 calendar days after the divorce or legal separation and can establish that the coverage was originally eliminated in anticipation of the divorce or legal separation, then COBRA coverage may be available for the period after the divorce or legal separation).
- The covered former Employee becomes enrolled in Medicare.
- A Dependent Child no longer being a Dependent as defined by the Plan.

Loss of Coverage means any change in the terms or conditions of coverage in effect immediately before the Qualifying Event. Loss of Coverage includes change in coverage terms, change in plans, termination of coverage, partial Loss of Coverage, increase in Employee cost, as well as other changes that affect terms or conditions of coverage. Loss of Coverage does not always occur immediately after the Qualifying Event, but it must always occur within the applicable 18- or 36-month coverage period. A Loss of Coverage that is not caused by a Qualifying Event may not trigger COBRA.

INTRODUCTION

Employers are required to offer COBRA-like health care continuation coverage to persons in the armed service if the absence for military duty would result in loss of coverage as a result of active duty. Employees on leave for military service must be treated like they are on leave of absence and are entitled to any other rights and benefits accorded to similarly situated Employees on leave of absence or furlough. If an employer has different types of benefits available depending on the type of leave of absence, the most favorable benefits must apply to Employees on military leave. Reinstatement following the military leave absence cannot be subject to Waiting Periods.

COVERAGE

The maximum length of health care continuation coverage required under USERRA is the lesser of:

- 24 months beginning on the day that the Uniformed Service leave begins, or
- a period beginning on the day that the Service leave begins and ending on the day after the Employee fails to return to or reapply for employment within the time allowed by USERRA.

USERRA NOTICE AND ELECTION

An Employee or an appropriate officer of the uniformed service in which his or her service is to be performed must notify the employer that the Employee intends to leave the employment position to perform service in the uniformed services. An Employee should provide notice as far in advance as is reasonable under the circumstances. The Employee is excused from giving notice due to military necessity, or if it is otherwise impossible or unreasonable under all the circumstances.

Upon notice of intent to leave for uniformed services, Employees will be given the opportunity to elect USERRA continuation. Unlike COBRA, Dependents do not have an independent right to elect USERRA coverage. Election, payment and termination of the USERRA extension will be governed by the same requirements set forth under the COBRA Section, to the extent these COBRA requirements do not conflict with USERRA.

PAYMENT

If the military leave orders are for a period of 30 days or less, the Employee is not required to pay more than the amount he or she would have paid as an active Employee. If an Employee elects to continue health coverage pursuant to USERRA, such Employee and covered Dependents will be required to pay up to 102% of the full premium for the coverage elected.

EXTENDED COVERAGE RUNS CONCURRENT

Employees and their Dependents may be eligible for both COBRA and USERRA at the same time. Election of either the COBRA or USERRA extension by an Employee on leave for military service will be deemed an election under both laws, and the coverage offering the most benefit to the Employee will generally be extended. Coverage under both laws will run concurrently. Dependents who chose to independently elect extended coverage will only be deemed eligible for COBRA extension because they are not eligible for a separate, independent right of election under USERRA.
PROVIDER NETWORK

The word "Network" means an outside organization that has contracted with various providers to provide health care services to Covered Persons at a Negotiated Rate. Providers who participate in a Network have agreed to accept the negotiated fees as payment in full, including any portion of the fees that the Covered Person must pay due to the Deductible, Coinsurance amounts or other out-of-pocket expenses. In all cases the network contract determines what the Plan will consider as a Covered Expense. A provider who does not participate in a Network may bill Covered Persons for additional fees over and above what the Plan pays.

Knowing which Network a provider belongs to will help a Covered Person to determine how much he or she will need to pay for certain services. To obtain the highest level of benefits under this Plan, Covered Persons need to see an In-Network provider, however this Plan does not limit a Covered Person's right to choose his or her own provider of medical care at his or her own expense if a medical expense is not a Covered Expense under this Plan, or is subject to a limitation or exclusion.

To find out which Network a provider belongs to, please refer to the Provider Directory, or call the toll-free number that is listed on the back of the Plan’s identification card. The participation status of providers may change from time to time.

- If a provider belongs to one of the following Networks, claims for Covered Expenses will normally be processed in accordance with the In-Network benefit levels that are listed on the Schedule of Benefits:
  
  0L – UnitedHealthcare Choice Plus

- If a provider belongs to one of the following Networks, claims for Covered Expenses will normally be processed in accordance with the Out-of-Network benefit levels that are listed on the Schedule of Benefits, but the providers have agreed to discount their fees. This means that the Covered Person may pay a little less for a particular claim than they would for an Out-of-Network claim.
  
  ZM – Multiplan Shared Savings

- For services received from any other provider, claims for Covered Expenses will normally be processed in accordance with the Out-of-Network benefit levels that are listed on the Schedule of Benefits. These providers charge their normal rates for services, so Covered Persons may need to pay more. The Covered Person is responsible for paying the balance of these claims after the Plan pays its portion, if any.

The Program for Transplant Services at Designated Transplant Facilities is:

OptumHealth

EXCEPTIONS TO THE PROVIDER NETWORK RATES

Some benefits may be processed at In-Network benefit levels when provided by an Out-of-Network provider. When Non-Network charges are covered in accordance with Network benefits, the charges are not subject to the Usual and Customary charge limitations. The following may apply:

- Covered Services (including Preventive Services) provided by a radiologist, anesthesiologist, or pathologist will be payable at the In-Network level of benefits when rendered by an Out-of-Network provider when at an In-Network Hospital or referred by an In-Network Physician.

- Covered Services provided by an Emergency room Physician will be payable at the In-Network level of benefits when provided at an In-Network Hospital or referred by an In-Network Physician.
Provider Directory Information

Each covered Employee, those on COBRA, and Children or guardians of Children who are considered alternate recipients under a Qualified Medical Child Support Order, will automatically be given or electronically made available, a separate document, at no cost, that lists the participating Network providers for this Plan. The Employee should share this document with other covered individuals in Your household. If a covered spouse or Dependent wants a separate provider list, they should make a written request to the Plan Administrator. The Plan Administrator may make a reasonable charge to cover the cost of furnishing complete copies to the spouse or other covered Dependents.

This Plan has a special benefit allowing Covered Persons of all ages to receive telephone or web-based video consultations with Physicians for routine primary medical diagnoses.

Teladoc may be used:

- When immediate care is needed.
- When considering the ER or urgent care center for non-Emergency issues.

A Physician will then return the Covered Person’s phone call. If a Covered Person requests a web-based video consultation, the consultation will be scheduled and an appointment reminder notification will be sent prior to the appointed time. If necessary, the Physician will write a Prescription. The Prescription will be called in to a pharmacy of the Covered Person’s choice. Dermatology Services Program

In addition to receiving care for general medical conditions, Covered Persons may receive access to dermatology services, as described below.

Dermatologists provide dermatology consultations to Covered Persons through an online message center using store-and-forward technology in the dermatology service area. The dermatology program offers Covered Persons the ability to upload photographs of their dermatological conditions to licensed dermatologists, who provide treatment and prescription medication, when appropriate. The dermatologists are selected and engaged to provide dermatological assessments in accordance with standard dermatology protocols and guidelines that are tailored to the telehealth industry.
In order to receive dermatology consultations, the Covered Person must have completed Teladoc’s requirement for access to the general medicine program, including the medical history disclosure form. The Covered Person must also complete a comprehensive Dermatology Intake Form prior to receiving a dermatology consultation. The Dermatology Intake Form consists of a Dermatology History section and an intake form for the condition for which the Covered Person is seeking treatment describing the area of concern. This medical history and intake form may be completed either online or by telephone with a designated dermatology representative. Additionally, the Covered Person must upload at least three images of his or her condition prior to communicating with a dermatologist. If the Covered Person fails to complete the Dermatology Intake Form or upload the required number of images, the Covered Person will not have access to the dermatologists.

Covered Persons will be allowed to request more than one dermatology consultation at any given time. Dermatology consultations are not intended to be provided in Emergency situations.

Initial Consultation: The Covered Person will be required to upload a minimum of three images and a maximum of five images for the dermatologist to review. A dermatologist will respond to the Covered Person’s consultation submission via the Teladoc Message Center within two business days of such submission. The dermatologist will either:

- determine that no additional information is required and provide a diagnosis and prescription, if appropriate; or
- request additional information from the Covered Person before making a diagnosis.

Covered Person Follow-Up: The Covered Person will have seven days after diagnosis to respond to the dermatologist with follow-up questions via the message center. The Covered Person will be able to respond only once and may upload up to five additional images in the response. The Covered Person will not be charged for a one-time follow-up.

Subsequent Consultations: A Covered Person will have the option of selecting the same dermatologist with whom he or she had a prior consultation or with a new dermatologist licensed in his or her state.

TRANSPLANT BENEFITS

Refer to the Care Management section of this SPD for prior authorization requirements

This coverage provides a choice for transplant care. Use of a Designated Transplant Facility provides incentives to You and Your covered Dependents. This coverage does not require that a Designated Transplant Facility be used in order to receive benefits, but it is preferred. A Designated Transplant Facility is a facility that must meet extensive criteria in the areas of patient outcomes to include patient and graft survival, patient satisfaction, Physician and program experience, program accreditations, and patient and caregiver education.

DEFINITIONS

The following terms are used for the purpose of the Transplant Benefits section of this SPD. Refer to the Glossary of Terms section of this SPD for additional definitions.

Approved Transplant Services means services and supplies for certified transplants when ordered by a Physician. Such services include, but are not limited to, Hospital charges, Physician charges, organ and tissue procurement, tissue typing and Ancillary Services.

Designated Transplant Facility means a facility which has agreed to provide Approved Transplant Services to Covered Persons pursuant to an agreement with a transplant provider network or rental network with which the Plan has a contract.

Organ and Tissue Acquisition / Procurement means the harvesting, preparation, transportation and the storage of human organ and tissue which is transplanted to a Covered Person. This includes related medical expenses of a living donor.

Stem Cell Transplant includes autologous, allogeneic and syngeneic transplant of bone marrow, peripheral and cord blood stem cells.

BENEFITS

The Plan will pay for Covered Expenses Incurred by a Covered Person at a Designated Transplant Facility for an Illness or Injury, subject to any Deductibles, Plan Coinsurance amounts, maximums or limits shown on the Schedule of Benefits. Benefits are based on the Usual and Customary charge or the Plan's Negotiated Rate.

It will be the Covered Person's responsibility to obtain prior authorization for all transplant related services. If prior authorization is not obtained, benefits may not be payable for such services. Benefits may also be subject to reduced levels as outlined in individual Plan provisions. The approved transplant and medical criteria for such transplant must be Medically Necessary for the medical condition for which the transplant is recommended. The medical condition must not be included on individual Plan exclusions.

COVERED EXPENSES

The Plan will pay for Approved Transplant Services at a Designated Transplant Facility for Organ and Tissue Acquisition / Procurement and transplantation, if a Covered Person is the recipient.

If a Covered Person requires a transplant, including bone marrow or Stem Cell Transplant, the cost of Organ and Tissue Acquisition / Procurement from a living human or cadaver will be included as part of the Covered Person’s Covered Expenses when the donor’s own plan does not provide coverage for Organ and Tissue Acquisition / Procurement. This includes the cost of donor testing, blood typing and evaluation to determine if the donor is a suitable match.
The Plan will provide donor services for donor related complications during the transplant period, as per the transplant contract, if the recipient is a Covered Person under this Plan.

Benefits are payable for the following transplants:

- Kidney.
- Kidney/pancreas.
- Pancreas, if the transplant meets the criteria determined by Care management.
- Liver.
- Heart.
- Heart/lung.
- Lung.
- Bone marrow or Stem Cell Transplant (allogeneic and autologous) for certain conditions.
- Small bowel.

SECOND OPINION

The Plan will notify the Covered Person if a second opinion is required at any time during the determination of benefits period. If a Covered Person is denied a transplant procedure by the transplant facility, the Plan will allow them to go to a second Designated Transplant Facility for evaluation. If the second facility determines, for any reason, that the Covered Person is an unacceptable candidate for the transplant procedure, benefits will not be paid for further transplant related services and supplies, even if a third Designated Transplant Facility accepts the Covered Person for the procedure.

TRAVEL EXPENSES (Applies to a Covered Person who is a recipient or a donor if the recipient is also a Covered Person under this Plan)

If the Covered Person lives more than 50 miles from the transplant facility, the Plan will pay for travel and housing related to the transplant, up to the maximum listed on the Schedule of Benefits. Expenses will be paid for the Covered Person and:

- One or two parents of the Covered Person (if the Covered Person is a Dependent Child, as defined in this Plan); or
- An adult to accompany the Covered Person.

Covered travel and housing expenses include the following:

- Transportation to and from the transplant facility, including:
  - Airfare.
  - Tolls and parking fees.
  - Gas/mileage.

- Lodging at or near the transplant facility, including:
  - Apartment rental.
  - Hotel rental.
  - Applicable tax.

Lodging for purposes of this Plan does not include private residences.

Lodging reimbursement that is greater than $50 per person per day may be subject to IRS codes for taxable income.

Benefits will be payable for up to one year from the date of the transplant while the Covered Person is receiving services at the transplant facility.
TRANSPLANT EXCLUSIONS

In addition to the items listed in the General Exclusions section of this SPD, benefits will NOT be provided for any of the following:

- Expenses if a Covered Person donates an organ and/or tissue and the recipient is not a Covered Person under this Plan.

- Expenses for Organ and Tissue Acquisition / Procurement and storage of cord blood, stem cells or bone marrow, unless the Covered Person has been diagnosed with a condition for which there would be Approved Transplant Services.

INTRODUCTION

This Prescription Drug Benefit Summary is a part of the Plan and is subject to all terms and conditions of the Plan (as modified by this summary). You may request a copy of the Plan from the Plan Administrator. This summary updates the Plan by clarifying, adding to and/or replacing the provisions described therein. Any terms and conditions of the Plan that are not specifically modified by this summary have not been changed and thus remain in full force and effect. If you have any questions about the Prescription Drug Program or this summary, please contact the Plan Administrator.

This is a Prescription Drug Program (the “Program”) intended to cover the Usual and Customary (U&C) Charges for Prescription Drugs under the Marquette University plan (the “Plan”). Prescription Drug Benefits are provided to you under the Program as part of your medical benefit under the Plan. If you choose to not enroll for medical coverage, you will not be covered by this Program. The Program is part of the Plan and the Summary Plan Description.

Under the Program, if you get your prescription filled at a Network Pharmacy, you present your identification card and pay the applicable deductible and/or the applicable coinsurance. There are no claim forms to fill out. To find out whether your pharmacy is in this network, contact Navitus by calling customer service at 866-333-2757 or visiting www.navitus.com.

In addition, the Program includes the home delivery pharmacy service to use when obtaining maintenance (long-term) medications. You may save money by using home delivery to fill your maintenance drugs, such as those prescribed for diabetes, high blood pressure or asthma. You can receive up to a 90-day supply of medication through the NoviXus Pharmacy Services. You'll pay the applicable deductible and/or the applicable coinsurance each time you get a prescription filled.

DEFINITIONS

A Brand-Name Drug (Brand Drug) is a medication that is available only from its original manufacturer or from another manufacturer that has a licensing agreement to make it. These medications are marketed under a recognized brand name. A brand-name drug may have a generic equivalent once the manufacturer is required to allow other manufacturers the opportunity to make the medication.

Coinsurance is a cost-sharing requirement wherein the Covered Person assumes a portion or percentage of the costs of Prescription Drugs. The Covered Person is responsible for paying any Coinsurance amounts, according to a fixed percentage.

A Coverage Review is the process of obtaining approval for certain Prescription Drugs prior to dispensing, per the Plan. This approval is to be obtained from Navitus by the prescribing physician or the pharmacist. The list of Prescription Drugs requiring a Coverage Review is subject to periodic review and modification by the Plan and can be obtained by calling 866-333-2757 or visiting navitus.com.

Deductible refers to the individual and family prescription drug deductible amounts as shown on the Prescription Drug Schedule of Benefits. You are responsible for paying the deductible before any benefits will be paid under this prescription drug plan. After the deductible has been met, the Plan will pay the remaining Covered Expenses at the percentage shown on the Schedule of Benefits for the remainder of the calendar year.

An Excluded Drug is a Prescription Drug that is not covered under the Plan.
Experimental, Investigational or Unproven describes a medication, product or device that the Plan Administrator, in the exercise of its discretion, determines does not abide by accepted medical practice under the standards of a reasonably substantial, qualified, responsible and relevant segment of the medical community, after taking into account the requirements for Medically Necessary care and treatment. The Plan Administrator shall determine that a medication, product or device is, Experimental, Investigational or Unproven, to the extent that it has not been approved by the Food and Drug Administration. The decision of the Plan Administrator in this regard shall be made in its discretion, in accordance with this definition, and shall be final and binding on the Covered Person and all other interested persons.

A Formulary is a comprehensive list of drugs used by plan sponsors to highlight preferred products. Products are selected on the basis of safety, efficacy and cost.

An FDA approved Generic Drug is a medication that contains the same active ingredient and is manufactured according to the same strict federal regulations as its brand-name counterpart. FDA approved generic medications may differ in color, size or shape, but the Food and Drug Administration requires that they be of the same strength, purity, and quality as their brand-name counterparts. A generic medication can be produced once the manufacturer of the brand-name medication is required to allow other manufacturers the opportunity to make it.

Medically Necessary or Medical Necessity refers to services or supplies that meet the following tests: They are recommended or approved by a licensed Healthcare Provider; they are appropriate and necessary for the symptoms, diagnosis or treatment of the medical condition; they are provided for the diagnosis or direct care and treatment of the medical condition; they meet the standards of good medical practice within the medical community in the service area; they could not have been omitted without adversely affecting the Covered Person's condition; they are not primarily for the convenience of the Covered Person or the service provider; they are not Experimental, Investigational or Unproven; they are the most appropriate level or supply of service that can safely be provided.

The Plan Administrator or its agent shall determine, in its discretion, whether a service or supply is Medically Necessary and, in this respect, may consider the views of the state and national medical communities, the guidelines and practices of Medicare, Medicaid or other government-financed programs, and peer-reviewed literature. Although a Healthcare Provider may have prescribed or recommended a service or supply, such service or supply may not be Medically Necessary within this definition.

A Network Pharmacy is a pharmacy that has (1) entered into an agreement with Navitus or its designee to provide Prescription Drugs to Covered Persons; (2) has agreed to accept specified reimbursement rates for dispensing Prescription Drugs and (3) has been designated by Navitus as a Network Pharmacy. A list of Network Pharmacies that provide Prescription Drug coverage to Covered Persons may be obtained by calling 866-333-2757 or visiting Navitus.com.

A Non-network Pharmacy is a pharmacy that is not a Network Pharmacy.

A Prescription Drug is a medication, product or device that has been defined by the Food and Drug Administration that, under federal or state law, can be dispensed only pursuant to a Prescription Order or Refill and is required to be labeled “Caution: Federal Law prohibits dispensing without a prescription.”

Prescription Drug Cost is calculated at the Navitus contracted reimbursement rate, including any sales tax, with the Network Pharmacy where a Prescription Drug is dispensed.

Prescription Order or Refill means the directive to dispense a Prescription Drug issued by a duly licensed Healthcare Provider legally authorized to write such a directive while acting in the scope of his or her license.
A Specialty Pharmacy is a dedicated pharmacy offering a broad spectrum of prescription medicines and integrated clinical services to patients on long-term therapies to support the treatment of complex, chronic diseases. Specialty medications must be filled through the Navitus Specialty Pharmacy, Lumicera Health Services. Review the Specialty Pharmacy Program section found later in this document for more details.

Step Therapy is a program that encourages the use of generics and lower-cost, alternative preferred brands. Under step therapy, a patient may first have to try a lower-cost drug to see if it produces effective results. If the clinical response is unsatisfactory, the patient may proceed to more expensive therapy that is covered by the plan.

The Usual and Customary Charge is the price that a pharmacy provider would have charged for a prescription on the date of service, if the member was a cash customer (i.e., the amount usually charged for pharmacy services). It includes all applicable discounts, such as senior citizen or promotional discounts.

PRESCRIPTION DRUG BENEFIT

Benefits are payable for the Usual and Customary Charge for outpatient Prescription Drugs unless specifically excluded under the Benefit Limitations and Exclusions or Excluded Drugs sections of this summary. The Prescription Drugs must be prescribed for:

The Covered Person must be covered under this Prescription Drug Program when the prescription is filled.

**Claim Procedures**

The Plan Administrator has delegated the authority to make Benefit determinations under the Plan with respect to this Prescription Drug Program to Navitus including, without limitation, factual determinations. Navitus shall consider the terms and provisions of the Plan (and this Program, which is part of the Plan), and shall have the power and discretion to interpret, construe and construct the Plan and this Program. All such determinations made by Navitus, whether in the case of an appeal from a claim denial or in the case of an initial Benefit determination that is not appealed, arising in connection with the administration, interpretation or application of the Plan and this Program, shall be conclusive and binding upon all persons.
The Plan Administrator has delegated Navitus the right and power to administer and to interpret, construe and construct the terms and provisions of this Program, including, without limitation, correcting any error or defect, supplying any omission and reconciling any inconsistency.

If, due to errors in drafting, any provision of this Program does not accurately reflect its intended meaning, as demonstrated by prior interpretations or other evidence of intent, or as determined by the Plan Administrator in its judgment, the provision shall be considered ambiguous and shall be interpreted by the Plan Administrator in a fashion consistent with its intent, as determined by the Plan Administrator. This Program may be amended retroactively to cure any such ambiguity, notwithstanding anything in the Plan or this Program to the contrary.

No Prescription Drug Benefit shall be paid under the Plan unless a Covered Person has first submitted a written prescription for Benefits. A request for a prescription at a pharmacy shall not be treated as a claim under the terms of the Plan.

**Appeal Procedures**

Because the Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), you have the right to appeal a denial of Benefits in accordance with the claim procedures under ERISA. If you disagree with the denial of your claim and desire to request that the decision be reevaluated, you must file an appeal under the Plan within 30 days after receiving the denial notice. All appeals must be submitted in writing to Navitus. Your appeal should include a copy of the denial notice, a copy of the Explanation of Benefits, an explanation as to why the initial decision should be reversed, and a copy of any information that will support your request.

You shall have the opportunity to submit written comments, documents, records and other information relating to your claim. You may review or request copies (free of charge) of all documents, records and other information relevant to your claim. The appeal shall take into account all comments, documents, records and other information that you submit relating to the claim, without regard to whether such information was submitted or considered in the initial claim denial.

The appeal shall not afford deference to the initial denial and shall be conducted by a decision maker who is neither the individual who made the initial denial nor the subordinate of such decision maker. In deciding an appeal of a claim denial that is based in whole or in part on a medical judgment, the decision maker shall consult with a Healthcare Provider who has appropriate training and experience in the field of medicine involving the medical judgment. All medical or vocational experts whose advice was obtained on behalf of the Plan in connection with the denial shall be identified without regard to whether the advice was relied upon in making the decision on the claim. A Healthcare Provider engaged for purposes of consultation with respect to the appeal shall be an individual who is neither an individual who was consulted in connection with the initial denial nor the subordinate of such individual.

Navitus will respond to any appeal within a reasonable period of time but not later than 60 days from the date of receipt of your appeal. Navitus will provide you with written notice of the Plan's decision on appeal. The notification shall set forth in a manner calculated to be understood by you:

- The specific reason or reasons for the denial;
- Reference to the specific Plan provisions upon which the determination is based;
- A statement that you are entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to your claim for Benefits;
- A statement of your right to bring a civil action under Section 502(a) of ERISA;
- If the denial is based on:
  - An internal rule, guideline, protocol or other similar criterion, either the specific rule, guideline, protocol or other similar criterion, or a statement that such rule, guideline, protocol or other similar criterion was relied upon in deciding the appeal and that a copy of such rule, guideline, protocol or other criterion will be provided free of charge upon request; or
  - A Medical Necessity or Experimental, Investigational or Unproven or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to your medical circumstances, or a statement that such explanation will be provided free of charge upon request.
The following statement: “You and your Plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact your local U.S. Department of Labor office and your state insurance regulatory agency.”

If your appeal is denied, you may request an external review through Navitus. The external review will be handled by an independent, outside source. The response time will be 30 days from the date of receipt of your request, subject to any applicable extensions under ERISA.

Because your Plan is subject to ERISA, if all applicable appeals of your claim have been denied, you have the right to bring a civil action under Section 502(a) of ERISA to challenge the denials in court. You may not bring a civil action under ERISA before you complete the administrative appeal process described herein. Additionally, you and your Plan may have other voluntary alternative dispute resolution options, such as mediation, as may be described in the Plan.

**Benefit Limitations and Exclusions**

The Prescription Drug Program pays the highest benefits for Tier 1 medications.

If a brand-name prescription is purchased and a generic equivalent is available, the plan may pay based on the generic drug cost. The covered person will be responsible for paying the difference in cost between the brand and the generic. If the covered person reaches the annual out-of-pocket maximum, the difference in cost between the brand and the generic will continue to be the covered person’s responsibility.

Fertility prescription drugs are provided based on the benefit chart provided above. There is a $500 per family lifetime maximum benefit for fertility prescriptions. When the Plan has paid $500 toward fertility prescriptions, your family has reached its lifetime maximum. No prescription drug coverage for fertility services will be provided once the plan maximum has been reached.

For individuals taking proton pump inhibitors, the Plan requires the use of an alternative generic or preferred medication that has been shown to be equally effective in treating most patients. If the alternative medication does not prove to be effective, Navitus will work with your physician to switch to a more effective medication.

Specialty prescriptions to treat specific medical conditions must be filled through the Lumicera Health Services. Supply limits will be based on the patient’s condition and drug therapy recommendations.

The limitations outlined in this summary are captured at a period of time. For the most up-to-date list of limitations, please call 866-333-2757.

**Network Pharmacy**

If the Prescription Drug is dispensed by a Network Pharmacy, the following limits apply. Up to a 30-day supply of a Prescription Drug, unless adjusted based on the drug manufacturer’s packaging size. Some products may be subject to additional supply limits adopted by Navitus.

**NoviXus Pharmacy**

If the Prescription Drug is dispensed by the NoviXus Pharmacy, the supply limit is up to a 90-day supply of a Prescription Drug, unless adjusted based on the drug manufacturer’s packaging size or any additional supply limits adopted by Navitus. A list of current supply limits may be obtained from Navitus.
Coordination of Benefits

Benefits paid for Prescription Drugs will be subject to the coordination of benefits provision as outlined in the Summary Plan Description.

CARE MANAGEMENT

Utilization Management

Utilization Management is the process of evaluating whether services, supplies or treatment is Medically Necessary and appropriate to help ensure cost-effective care. Utilization Management can determine Medical Necessity, shorten Hospital stays, improve the quality of care, and reduce costs to the Covered Person and the Plan. The Utilization Management procedures include certain Prior Authorization requirements.

The benefit amounts payable under the Schedule of Benefits of this SPD may be affected if the requirements described for Utilization Management are not satisfied. Covered Persons should call the phone number on the back of the Plan identification card to request Prior Authorization at least two weeks prior to a scheduled procedure in order to allow for fact-gathering and independent medical review, if necessary.

Special Notes: The Covered Person will not be penalized for failure to obtain Prior Authorization if a Prudent Layperson, who possesses an average knowledge of health and medicine, could reasonably expect that the absence of immediate medical attention would jeopardize the life or long-term health of the individual. However, Covered Persons who have received care on this basis must contact the Utilization Review Organization (see below) as soon as possible within 24 hours of the first business day after receiving care or after Hospital admittance. The Utilization Review Organization will then review services provided within 48 hours of being contacted.

This Plan complies with the Newborns and Mothers Health Protection Act. Prior Authorization is not required to certify Medical Necessity for a Hospital or Birthing Center stay of 48 hours or less following a normal vaginal delivery or 96 hours or less following a Cesarean section. Prior Authorization may be required for a stay beyond 48 hours following a vaginal delivery or 96 hours following a Cesarean section.

UTILIZATION REVIEW ORGANIZATION

The Utilization Review Organization is: UMR CARE MANAGEMENT

DEFINITIONS

The following terms are used for the purpose of the Care Management section of this SPD. Refer to the Glossary of Terms section of this SPD for additional definitions.

Prior Authorization is the process of determining benefit coverage prior to a service being rendered to an individual member. A determination is made based on Medical Necessity criteria for services, tests or procedures that are appropriate and cost-effective for the member. This member-centric review evaluates the clinical appropriateness of requested services in terms of the type, frequency, extent and duration of stay.

Utilization Management means an assessment of the facility in which the treatment is being provided. It also includes a formal assessment of the Medical Necessity, effectiveness and appropriateness of health care services and treatment plans. Such assessment may be conducted on a prospective basis (prior to treatment), concurrent basis (during treatment), or retrospective basis (following treatment).

PENALTIES FOR NOT OBTAINING PRIOR AUTHORIZATION

A non-Prior Authorization penalty is the amount that must be paid by a Covered Person who does not call for Prior Authorization prior to receiving certain services. A penalty of $500 will be applied per admission if a Covered Person receives services but does not obtain the required Prior Authorization for:

- Inpatient stays in Hospitals, Extended Care Facilities, or residential treatment facilities.

- Inpatient stay for Long Term Acute Care (LTAC).
The phone number to call for Prior Authorization is listed on the back of the Plan identification card.

The fact that a Covered Person receives Prior Authorization from the Utilization Review Organization does not guarantee that this Plan will pay for the medical care. The Covered Person must be eligible for coverage on the date services are provided. Coverage is also subject to all provisions described in this SPD.

**Medical Director Oversight.** A UMR Care Management medical director oversees the concurrent review process. Should a case have unique circumstances that raise questions for the Utilization Management specialist handling the case, the medical director will review the case to determine Medical Necessity using evidence-based clinical criteria.

**Case Management Referrals.** During the Prior Authorization review process, cases are analyzed for a number of criteria used to trigger case to case management for review. Case management opportunities are identified by using a system-integrated, automated diagnosis-based trigger list during the Prior Authorization review process. Other case management trigger points including the following criteria: length of stay, level of care, readmission and utilization, as well as employer or self-referrals. Information is easily passed from Utilization Management to case management through our fully-integrated care management software system.

All Prior Authorization requests are used to identify the member’s needs. Our goal is to intervene in the process as early as possible to determine the resources necessary to deliver clinical care in the most appropriate care setting.

**Retrospective Review.** Retrospective review is conducted upon request and a determination will be issued within 30 calendar days of the receipt of request within Care Management, unless an extension is approved. Retrospective reviews are performed according to our standard Prior Authorization policies and procedures.

**Other Medical Management Services provided by AURORA HEALTH CARE**

**Disease Management**

You or a family member may be suffering from a major illness associated with the chronic disease population segment. Care (Disease) Management is a series of special programs designed to help improve the health status and well-being of You or a family member suffering from a major illness, and reduce hospitalization and emergency room costs. The goal of these programs is to provide: (a) integrated, patient/family-oriented and coordinated care for certain high prevalence, high cost, and impactable diagnoses, (b) guidelines for providers, patients, and families enabling You to become partners in health care decisions, and (c) a basis for measuring outcomes and comparing outcomes to best practice patterns.

Chronic Disease Management programs are available for many conditions including:

- Asthma
- Diabetes
- Ischemic vascular disease
- Heart failure
- Breast cancer screening
- Cervical cancer screening
- Colon cancer screening
- Childhood, adolescent and adult immunizations

If You or a family member has any of the above medical conditions (diagnoses), You will be automatically enrolled in a Disease Management program.
Other Medical Management Services provided by UMR CARE MANAGEMENT

**Disease Management Program**

The **Disease Management Program** identifies those individuals who have certain chronic diseases and would benefit from this program. Specially trained nurses work telephonically with Covered Persons to help them improve their chronic diseases and maintain quality of life. Our unique approach to Disease Management identifies individuals with one or more of the seven targeted chronic conditions (asthma, coronary artery disease, congestive heart failure, chronic obstructive pulmonary disease, diabetes, hypertension, and depression as a comorbidity linked to another chronic condition we manage). Built within our system is a predictive modeling tool, Aerial Analytics and Clinical Intelligence Rules, that takes up to two years’ worth of medical and pharmacy claims data and then identifies those Covered Persons who are eligible to participate in the coaching program. If claims history is not available, Disease Management candidates may be initially identified using a Health Condition Survey. The survey is a general screening questionnaire available to all Covered Persons age 18 and over that asks a few questions about each of the conditions managed in the program. Once claims data is available, the predictive modeling tool is used to identify candidates for the program. Program participants can also be identified through referrals from the Prior Authorization process, Covered Person self-referrals, other Care Management programs, NurseLine referrals, the employer, or the Covered Person’s Physician.

In addition to the telephonic services, UMR disease management also provides HealtheNotes. These targeted mailings are sent to Covered Persons’ homes and their health care providers via U.S. mail. They identify chronic condition gaps in care and include information on ways to prevent long-term issues and avoid health care costs. Opportunities or gaps in care are identified through medical and/or pharmacy data.

HealtheNotes provides useful, personalized information based on an individual Covered Person’s health care utilization, including information on provider visits, Prescriptions, and health screenings.

HealtheNotes is a vital educational tool in the Disease Management Program for managing a Covered Person’s chronic condition(s). It assists in our efforts to significantly improve the quality of life for Covered Persons while simultaneously reducing overall health care costs.

**Maternity Management**

**Maternity Management** provides prenatal education and high-risk pregnancy identification to help mothers carry their babies to term. This program increases the number of healthy, full-term deliveries and decreases the cost of a long term hospital stay for both the mother and/or baby. Program members are contacted via telephone at least once each trimester and once postpartum. A comprehensive assessment is performed at that time to determine the member’s risk level and educational needs. The program uses incentives in order to increase participation. The standard incentive is a gift card. Covered Persons who enroll via the web receive a special edition pregnancy information guide. UMR’s pre-pregnancy coaching program helps women learn about risks and take action to prevent serious and costly medical complications before they become pregnant. Women with pre-existing health conditions, such as diabetes and high blood pressure, not only face risks to their babies, but also to themselves while they’re pregnant. Members self-enroll in the pre-pregnancy coaching program by calling our toll-free number. They are then contacted by a nurse case manager who has extensive clinical background in obstetrics/gynecology. The nurse completes a pre-pregnancy assessment to determine risk level, if any, and provides them with education and materials based on their needs. The nurse also helps members understand their Plan’s benefit information.
Additional Care Management Provisions

Kidney Resource Services (KRS)

Kidney Resource Services (KRS) provides access to a preferred provider dialysis network and support from UMR Case Management by collaborating with the Covered Person to delay the progression of the disease to renal failure.

UMR Case Management End-Stage Renal Disease (ESRD) specialty nurses focus on clinical support and treatments.

If a Covered Person chooses to seek services at a KRS preferred provider, the Covered Person must contact UMR Case Management at 866-494-4502.

HealtheNotes: Targeted mailings sent to Covered Persons and their health care providers. These mailings identify chronic condition gaps in care and include information on ways to prevent long-term issues and avoid health care costs. Opportunities or gaps in care are identified through medical and/or pharmacy data.

HealtheNote Reminders: Targeted mailings sent to Covered Persons reminding them to ask their providers about recommended, routine preventive care. The targeted areas of care include: women's health (mammography and cervical cancer screening), adolescent/childhood immunization, diabetes, and cholesterol/coronary artery disease (CAD). Opportunities or gaps in preventive care are identified through medical data.
COORDINATION OF BENEFITS

Coordination of Benefits (COB) applies whenever a Covered Person has health coverage under more than one Plan, as defined below. **It does not however, apply to Prescription benefits.** The purpose of coordinating benefits is to help Covered Persons pay for Covered Expenses, but not to result in total benefits that are greater than the Covered Expenses Incurred.

**(Applies to Benefit Plan(s) 001)** The order of benefit determination rules determine which plan will pay first (Primary Plan). The Primary Plan pays without regard to the possibility that another plan may cover some expenses. A Secondary Plan pays for Covered Expenses after the Primary Plan has processed the claim, and will reduce the benefits it pays so that the total payment between the Primary Plan and Secondary Plan does not exceed the Covered Expenses Incurred. Up to 100% of charges Incurred may be paid between both plans.

**(Applies to Benefit Plan(s) 006, 007, 008)** The order of benefit determination rules determine which plan will pay first (which is the Primary Plan). The Primary Plan pays without regard to the possibility that another plan may cover some expenses. A Secondary Plan pays for Covered Expenses after the Primary Plan has processed the claim. The balance remaining after the Primary Plan's payment, not to exceed the Covered Person's responsibility, is the amount that will be used in determining the benefits payable under the Secondary Plan. The Deductible, Co-pays, or Plan Participation amounts, if any, will be applied before benefits are paid on the balance.

The Plan will coordinate benefits with the following types of medical or dental plans:

- Group health plans, whether insured or self-insured.
- Hospital indemnity benefits in excess of $200 per day.
- Specified disease policies.
- Foreign health care coverage.
- Medical care components of group long-term care contracts such as skilled nursing care.
- Medical benefits under group or individual automobile policies. See order of benefit determination rules and General Exclusions: No-Fault State for details (below).
- Medicare or other governmental benefits, as permitted by law. This does not include Medicaid.
- This Plan does not, however, coordinate benefits with individual health or dental plans.

Each contract for coverage is considered a separate plan. If a plan has two parts and COB rules apply to only one of the two parts, each of the parts is treated as a separate plan.

**ORDER OF BENEFIT DETERMINATION RULES**

The first of the following rules that apply to a Covered Person’s situation is the rule to use:

- The plan that has no coordination of benefits provision is considered primary.
- When medical payments are available under motor vehicle insurance (including No-Fault policies), this Plan shall always be considered secondary regardless of the individual’s election under PIP (Personal Injury Protection) coverage with the auto carrier. See General Exclusions – No-Fault State in this SPD for more details.
- The plan that covers the person as an employee, member or subscriber (that is, other than as a Dependent) is considered primary. The Plan will deem any employee plan beneficiary to be eligible for primary benefits from their employer’s benefit plan. Employee plan beneficiaries do not include COBRA Qualified Beneficiaries or retirees.
The plan that covers a person as a Dependent (or beneficiary under ERISA) is secondary, unless both plans agree that COBRA or state continuation coverage should always pay secondary when the person who elected COBRA is covered by another plan as a Dependent. In that case the plan that covers a person as a Dependent is primary (see continuation coverage below). (Also see the section on Medicare, below, for exceptions).

If an individual is covered under a spouse’s Plan and also under his or her parent’s plan, the Primary Plan is the plan of the individual’s spouse. The plan of the individual’s parent(s) is the Secondary Plan.

If one or more plans cover the same person as a Dependent child:

- The Primary Plan is the plan of the parent whose birthday is earlier in the year if:
  - The parents are married; or
  - The parents are not separated (whether or not they have been married); or
  - A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.
  - If both parents have the same birthday, the plan that covered either of the parents longer is primary.

- If the specific terms of a court decree state that one of the parents is responsible for the child’s health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary.

- If the parents are not married and reside separately, or are divorced or legally separated, the order of benefits is:
  - The plan of the custodial parent;
  - The plan of the spouse of the custodial parent;
  - The plan of the non-custodial parent; and then
  - The plan of the spouse of the non-custodial parent.

Active or Inactive Employee: If an individual is covered under one plan as an active employee (or Dependent of an active employee), and is also covered under another plan as a retired or laid off employee (or Dependent of a retired or laid off employee), the plan that covers the person as an active employee (or Dependent of an active employee) will be primary.

Continuation coverage under COBRA or state law: If a person has elected continuation of coverage under COBRA or state law and also has coverage under another plan, the continuation coverage is secondary. If the two plans do not agree on the order of benefits, this rule is ignored. This is true even if the person is enrolled in another plan as a Dependent. If the two plans do not agree on the order of benefits, this rule is ignored. (See exception in the Medicare section.)

Longer or Shorter Length of Coverage: The plan that covered the person as an employee, member, subscriber or retiree longer is primary.

If an active employee is on leave due to active duty in the military in excess of 30 days, the plan that covers the person as an active employee, member, or subscriber is considered primary.

If the above rules do not determine the Primary Plan, the Covered Expenses can be shared equally between the plans. This Plan will not pay more than it would have paid, had it been primary.
MEDICARE

If You or Your covered spouse or Dependent is also receiving benefits under Medicare, including Medicare Prescription drug coverage, federal law may require this Plan to be primary over Medicare. When this Plan is not primary, the Plan will coordinate benefits with Medicare. Payments from Medicare and this Plan will not exceed 100% of the charged amount, minus any Deductibles, Co-pays or Coinsurance amounts that You need to pay.

When this Plan is not Primary and a Covered Person is receiving Part A Medicare but has chosen not to elect Part B, this Plan will reduce its payments on Part B services as though Part B Medicare was actually in effect.

ORDER OF BENEFIT DETERMINATION RULES FOR MEDICARE

This Plan complies with the Medicare Secondary Payer regulations. Examples of these regulations are as follows:

- This Plan generally has primary responsibility to pay claims before Medicare under the following circumstances:
  - You continue to be actively employed by the employer and You or Your covered spouse becomes eligible for and enrolls in Medicare because of age or disability.
  - You continue to be actively employed by the employer, Your covered spouse becomes eligible for and enrolls in Medicare, and is also covered under a retiree plan through Your spouse’s former employer. In this case, this Plan will be primary for You and Your covered spouse, Medicare pays second, and the retiree plan would pay last.
  - For a Covered Person with End-Stage Renal Disease (ESRD), this Plan usually has primary responsibility for the claims of a Covered Person for 30 months from the date of Medicare eligibility based on ESRD. The 30-month period can also include COBRA continuation coverage or another source of coverage. At the end of the 30 months, Medicare becomes the primary payer.

- Medicare generally pays first (has primary responsibility) under the following circumstances:
  - You are no longer actively employed by an employer; and
  - You or Your spouse has Medicare coverage due to Your age, plus You also have COBRA continuation coverage through the Plan; or
  - You or a covered family member has Medicare coverage based on a disability, plus You also have COBRA continuation coverage through the Plan. Medicare normally pays first, however an exception is that COBRA may pay first for Covered Persons with End-Stage Renal Disease until the end of the 30-month period; or
  - You or Your covered spouse have coverage under a retiree plan plus Medicare coverage; or
  - Upon completion of 30 months of Medicare eligibility for an individual with ESRD, Medicare becomes the primary payer. (Note that if a person with ESRD was eligible for Medicare based on age or other disability before being diagnosed with ESRD and Medicare was previously paying primary, then the person can continue to receive Medicare benefits on a primary basis).

- Medicare is the secondary payer when no-fault insurance, worker’s compensation, or liability insurance is available as primary payer.
TRICARE

If an eligible Employee is on active military duty, TRICARE is the only coverage available to that Employee. Benefits are not coordinated with the Employee’s health insurance plan.

In all instances where an eligible Employee is also a TRICARE beneficiary, TRICARE will pay secondary to this employer-provided Plan.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. The Plan may obtain the information it needs from or provide such information to other organizations or persons for the purpose of applying those rules and determining benefits payable under this Plan and other plans covering the person claiming benefits. The Plan need not tell, or obtain the consent of, any person to do this. Each person claiming benefits under this Plan must provide the Plan any information it needs to apply those rules and determine benefits payable.

REIMBURSEMENT TO THIRD PARTY ORGANIZATION

A payment made under another plan may include an amount which should have been paid under this Plan. If it does, the Plan may pay that amount to the organization which made that payment. That amount will then be treated as though it were a benefit paid under this Plan. The Plan will not have to pay that amount again.

RIGHT OF RECOVERY

If the amount of the payments made by the Plan is more than it should have paid under this COB provision, the Plan may recover the excess from one or more of the persons it paid or for whom the Plan has paid; or any other person or organization that may be responsible for the benefits or services provided for the Covered Person.
RIGHT OF SUBROGATION, REIMBURSEMENT, AND OFFSET

The Plan has a right to subrogation and reimbursement. References to “You” or “Your” in this Right of Subrogation, Reimbursement, and Offset section include You, Your estate, Your heirs, and Your beneficiaries unless otherwise stated.

Subrogation applies when the Plan has paid benefits on Your behalf for an Illness or Injury for which any third party is allegedly responsible. The right to subrogation means that the Plan is substituted to and will succeed to any and all legal claims that You may be entitled to pursue against any third party for the benefits that the Plan has paid that are related to the Illness or Injury for which any third party is considered responsible.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for an Illness or Injury for which You receive a settlement, judgment, or other recovery from any third party, You must use those proceeds to fully return to the Plan 100% of any benefits You receive for that Illness or Injury. The right of reimbursement will apply to any benefits received at any time until the rights are extinguished, resolved, or waived in writing.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused You to suffer an Illness, Injury, or damages, or who is legally responsible for the Illness, Injury, or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Illness, Injury, or damages.
- The Plan Sponsor in a Workers’ Compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide benefits or payments to You, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners’, or otherwise), Workers’ Compensation coverage, other insurance carriers, or third party administrators.
- Any person or entity against whom You may have any claim for professional and/or legal malpractice arising out of or connected to an Illness or Injury You allege or could have alleged were the responsibility of any third party.
- Any person or entity that is liable for payment to You on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with the Plan in protecting the Plan’s legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
  - Notifying the Plan, in writing, of any potential legal claim(s) You may have against any third party for acts that caused benefits to be paid or become payable.
  - Providing any relevant information requested by the Plan.
  - Signing and/or delivering such documents as the Plan or our agents reasonably request to secure the subrogation and reimbursement claim.
  - Responding to requests for information about any accident or Injuries.
  - Making court appearances.
  - Obtaining our consent or our agents’ consent before releasing any party from liability or payment of medical expenses.
  - Complying with the terms of this section.
Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate or deny future benefits, take legal action against You, and/or set off from any future benefits the value of benefits the Plan has paid relating to any Illness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to You or Your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by You or Your representative, the Plan has the right to recover those fees and costs from You. You will also be required to pay interest on any amounts You hold that should have been returned to the Plan.

- The Plan has a first priority right to receive payment on any claim against a third party before You receive payment from that third party. Further, our first priority right to payment is superior to any and all claims, debts, or liens asserted by any medical providers, including, but not limited to, Hospitals or Emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.

- The Plan’s subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to You, Your representative, Your estate, Your heirs, or Your beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium, and punitive damages. The Plan is not required to help You to pursue Your claim for damages or personal Injuries and no amount of associated costs, including attorneys’ fees, will be deducted from our recovery without the Plan’s express written consent. No so-called “fund doctrine” or “common-fund doctrine” or “attorney’s fund doctrine” will defeat this right.

- Regardless of whether You have been fully compensated or made whole, the Plan may collect from You the proceeds of any full or partial recovery that You or Your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which the Plan may collect include, but are not limited to, economic, non-economic, and punitive damages. No “collateral source” rule, any “made-whole doctrine” or “make-whole doctrine,” claim of unjust enrichment, nor any other equitable limitation will limit our subrogation and reimbursement rights.

- Benefits paid by the Plan may also be considered to be benefits advanced.

- If You receive any payment from any party as a result of Illness or Injury, and the Plan alleges some or all of those funds are due and owed to the Plan, You and/or Your representative will hold those funds in trust, either in a separate bank account in Your name or in Your representative’s trust account.

- By participating in and accepting benefits from the Plan, You agree that:
  - Any amounts recovered by You from any third party constitute Plan assets (to the extent of the amount of Plan benefits provided on behalf of the Covered Person);
  - You and Your representative will be fiduciaries of the Plan (within the meaning of ERISA) with respect to such amounts; and
  - You will be liable for and agree to pay any costs and fees (including reasonable attorneys’ fees) Incurred by the Plan to enforce its reimbursement rights.

- The Plan’s rights to recovery will not be reduced due to Your own negligence.

- Upon the Plan’s request, You will assign to the Plan all rights of recovery against third parties, to the extent of the Covered Expenses the Plan has paid for the Illness or Injury.
• The Plan may, at its option, take necessary and appropriate action to preserve the Plan's rights under these provisions, including, but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative, or other third party; filing an ERISA reimbursement lawsuit to recover the full amount of medical benefits You receive for the Illness or Injury out of any settlement, judgment, or other recovery from any third party considered responsible; and filing suit in Your name or Your estate's name, which does not obligate the Plan in any way to pay You part of any recovery the Plan might obtain. Any ERISA reimbursement lawsuit stemming from a refusal to refund benefits as required under the terms of the Plan is governed by a six-year statute of limitations.

• You may not accept any settlement that does not fully reimburse the Plan, without its written approval.

• The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.

• In the case of Your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to Your estate, the personal representative of Your estate, and Your heirs or beneficiaries. In the case of Your death, the Plan’s right of reimbursement and right of subrogation will apply if a claim can be brought on behalf of You or Your estate that can include a claim for past medical expenses or damages. The obligation to reimburse the Plan is not extinguished by a release of claims or settlement agreement of any kind.

• No allocation of damages, settlement funds, or any other recovery, by You, Your estate, the personal representative of Your estate, Your heirs, Your beneficiaries, or any other person or party will be valid if it does not reimburse the Plan for 100% of its interest unless the Plan provides written consent to the allocation.

• The provisions of this section apply to the parents, guardian, or other representative of a Dependent Child who incurs an Illness or Injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor's Illness or Injury, the terms of this subrogation and reimbursement clause will apply to that claim.

• If any third party causes or is alleged to have caused You to suffer an Illness or Injury while You are covered under this Plan, the provisions of this section continue to apply, even after You are no longer covered.

• In the event that You do not abide by the terms of the Plan pertaining to reimbursement, the Plan may terminate benefits to You, Your Dependents, or the subscriber; deny future benefits; take legal action against You; and/or set off from any future benefits the value of benefits the Plan has paid relating to any Illness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to Your failure to abide by the terms of the Plan. If the Plan incurs attorneys’ fees and costs in order to collect third party settlement funds held by You or Your representative, the Plan has the right to recover those fees and costs from You. You will also be required to pay interest on any amounts You hold that should have been returned to the Plan.

• The Plan and all administrators administering the terms and conditions of the Plan’s subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of the Plan’s subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.

**The Plan does not limit a Covered Person’s right to choose his or her own medical care.** If a medical expense is not a covered benefit, or is subject to a limitation or exclusion, a Covered Person still has the right and privilege to receive such medical service or supply at the Covered Person’s own personal expense. Similarly, if the provider is Out-of-Network, the Covered Person still has the right and privilege to utilize such provider at the Plan’s reduced coinsurance level, with the Covered Person being responsible for a larger percentage of the total medical expense.
CLAIMS AND APPEAL PROCEDURES

REASONABLE AND CONSISTENT CLAIMS PROCEDURES

The Plan's claims procedures include administrative safeguards and processes that are designed to ensure and verify that benefit claims determinations are made in accordance with the Plan documents. The Plan provisions will be applied consistently with respect to similarly situated individuals. UMR will normally send payment for Covered Expenses directly to the Covered Person's provider.

TYPE OF CLAIMS AND DEFINITIONS

- **Pre-Service Claim needing prior authorization as required by the Plan and stated in this SPD.** This is a claim for a benefit where the Covered Person is required to get approval from the Plan before obtaining the medical care such as in the case of prior authorization of health care items or service that the Plan requires. If a Covered Person or provider calls the Plan just to find out if a claim will be covered, that is not a Pre-Service Claim, unless the Plan and this document specifically require the person to call for prior authorization. Giving prior authorization does not guarantee that the Plan will ultimately pay the claim.

  **Note that this Plan does not require prior authorization for urgent or Emergency care claims,** however Covered Persons may be required to notify the Plan following stabilization. Please refer to the Care Management section of this SPD for more details. A condition is considered to be an urgent or Emergency care situation when a sudden and serious condition such that a Prudent Layperson could expect the patient’s life would be jeopardized, the patient would suffer severe pain, or serious impairment of his or her bodily functions would result unless immediate medical care is rendered. Examples of an urgent or Emergency care situation may include, but are not limited to: chest pain; hemorrhaging; syncope; fever equal to or greater than 103° F; presence of a foreign body in the throat, eye, or internal cavity; or a severe allergic reaction.

- **Post-Service Claim** means a claim that involves payment for the cost of health care that has already been provided.

- **Concurrent Care Claim** means that an ongoing course of treatment to be provided over a period of time or for a specified number of treatments has been approved by the Plan.

PERSONAL REPRESENTATIVE

**Personal Representative** means a person (or provider) who may contact the Plan on the Covered Person’s behalf to help with claims, appeals or other benefit issues. A minor Dependent must have the signature of a parent or Legal Guardian in order to appoint a third party as a Personal Representative.

If a Covered Person chooses to use a Personal Representative, the Covered Person must submit proper documentation to the Plan stating the following: The name of the Personal Representative, the date and duration of the appointment, and any other pertinent information. In addition, the Covered Person must agree to grant his or her Personal Representative access to his or her Protected Health Information. The Covered Person should contact the Claim Administrator to obtain the proper forms. All forms must be signed by the Covered Person in order to be considered official.

PROCEDURES FOR SUBMITTING CLAIMS

Most providers will coordinate payment directly with the Plan on the Covered Person’s behalf. If the provider will not coordinate payment directly with the Plan, then the Covered Person will need to send the claim to the Plan within the timelines discussed below. The address for submitting medical claims is on the back of the group health identification card.

Covered Persons who receive services in a country other than the United States are responsible for ensuring the Provider is paid. If the Provider will not coordinate payment directly with the Plan, the Covered Person will need to pay the claim up front and then submit the claim to the Plan for reimbursement. The Plan will reimburse Covered Persons for any covered amount in U.S. currency. The reimbursed amount will be based on the U.S. equivalency rate that is in effect on the date the Covered Person paid the claim, or on the date of service if paid date is not known.
TIMELY FILING

Covered Persons are responsible for ensuring that complete claims are submitted to the Third Party Administrator as soon as possible after services are received, but no later than 12 months from the date of service. A complete claim means that the Plan has all information that is necessary to process the claim. Claims received after the proof of loss period will not be allowed, except for late submissions due to some technical or legal reason the claim could not be submitted (appeals, buy-outs, bankruptcy, etc.).

INCORRECTLY FILED CLAIMS (Applies to Pre-Service Claims only)

If a Covered Person or Authorized Representative does not properly follow the Plan’s procedures for requesting prior authorization, the Plan will notify the person to explain proper procedures within five calendar days following receipt of a Pre-Service claim request. The notice will usually be oral, unless written notice is requested by the Covered Person or Authorized Representative.

HOW HEALTH BENEFITS ARE CALCULATED

When UMR receives a claim for services that have been provided to a Covered Person, it will determine if the service is a covered benefit under this group health Plan. If it is not a covered benefit, the claim will be denied and the Covered Person will be responsible for paying the provider for these costs. If it is a covered benefit, UMR will establish the allowable payment amount for that service, in accordance with the provisions of this SPD.

Claims for covered benefits are paid according to an established fee schedule, a negotiated rate for certain services, or as a percentage of the Usual and Customary fees.

Fee Schedule: Generally, providers are paid the lesser of the billed amount or the maximum fee schedule for the particular covered service, minus any Deductible, Plan Coinsurance rate, Co-pay or penalties that the Covered Person is responsible for paying. Where a network contract is in place, the network contract determines the Plan’s Covered Expenses.

Negotiated Rate: On occasion, UMR will negotiate a payment rate with a provider for a particular covered service such as transplant services, Durable Medical Equipment, Extended Care Facility treatment or other services. The negotiated rate is what the Plan will pay to the provider, minus any Co-pay, Deductible, Plan Coinsurance rate or penalties that the Covered Person is responsible for paying. Where a network contract is in place, the network contract determines the Plan’s Negotiated Rate.

Usual and Customary (U&C) is the amount that is usually charged by health care providers in the same geographical area for the same services, treatment or materials. An industry fee file is used to determine U&C fee allowances. The U&C level is at the 90th percentile. The U&C guidelines do not apply to In-network claims, which are governed by the network contract. A global package includes the services that are a necessary part of a procedure. For individual services that are part of a global package, it is customary for the individual services not to be billed separately. A separate charge will not be allowed under the Plan.

When covered health services are received from a non-network provider as a result of an Emergency or as arranged by Your Plan Administrator, eligible expenses are amounts negotiated by Your Plan Administrator or amounts permitted by law. Please contact Your Plan Administrator if you are billed for amounts in excess of Your applicable Plan Participation, Co-pays, or Deductibles. The Plan will not pay excessive charges or amounts you are not legally obligated to pay.
NOTIFICATION OF BENEFIT DETERMINATION

Each time a claim is submitted by a Covered Person or a provider on behalf of a Covered Person, the Covered Person will receive an Explanation of Benefits (EOB) form that will explain how much the Plan paid toward the claim, and how much of the claim is the Covered Person's responsibility due to cost-sharing obligations, non-covered benefits, penalties or other Plan provisions. Please check the information on each EOB form to make sure the services charged were actually received from the provider and that the information appears correct. For any questions or concerns about the EOB form, please feel free to call the Plan at the number listed on the EOB or on the back of the group health identification card. The provider will receive a similar form on each claim that is submitted.

TIMELINES FOR INITIAL BENEFIT DETERMINATION

UMR will process claims within the following timelines, although the Covered Person may voluntarily extend these timelines:

- **Pre-Service Claim**: A decision will be made within 15 calendar days following receipt of a claim request, but the Plan can have an extra 15-day extension, when necessary for reasons beyond the control of the Plan, if written notice is given to the Covered Person within the original 15-day period.
- **Post-Service Claims**: Claims will be processed within 30 calendar days, but the Plan can have an additional 15-day extension, when necessary for reasons beyond the control of the Plan, if written notice is provided to the Covered Person within the original 30-day period.
- **Concurrent Care Claims**: If the Plan is reducing or terminating benefits before the end of the previously approved course of treatment, the Plan will notify the Covered Person prior to the coverage for the treatment ending or being reduced.
- **Emergency and/or Urgent Care Claim**: The Plan will notify a Covered Person or provider of a benefit determination (whether adverse or not) with respect to a claim involving Emergency or Urgent Care as soon as possible, taking into account the Medical Necessity, but not later than 72 hours after the receipt of the claim by the Plan.

A claim is considered to be filed when the claim for benefits has been submitted to UMR for formal consideration under the terms of this Plan.

CIRCUMSTANCES CAUSING LOSS OR DENIAL OF PLAN BENEFITS

Claims can be denied for any of the following reasons:

- Termination of Your employment.
- Covered Person is no longer eligible for coverage under the health Plan.
- Charges Incurred prior to the Covered Person's Effective Date or following termination of coverage.
- Covered Person reached the Maximum Benefit under this Plan.
- Amendment of group health Plan.
- Termination of the group health Plan.
- Employee, Dependent or provider did not respond to a request for additional information needed to process the claim or appeal.
- Application of Coordination of Benefits.
- Enforcement of subrogation.
- Services are not a covered benefit under this Plan.
- Services do not meet Medical Necessity.
- Failure to comply with prior authorization requirements before receiving services.
- Misuse of the Plan identification card or other fraud.
- Failure to pay premiums if required.
- Employee or Dependent is responsible for charges due to Deductible, Plan Coinsurance obligations or penalties.
- Application of the Usual and Customary fee limits, fee schedule or negotiated rates.
- Incomplete or inaccurate claim submission.
- Application of utilization review.
- Experimental or Investigational procedure.
- Other reasons as stated elsewhere in this SPD.
ADVERSE BENEFIT DETERMINATION (DENIED CLAIMS)

**Adverse Benefit Determination** means a denial, reduction or termination of a benefit, or a failure to provide or make payment, in whole or in part, for a benefit. It also includes any such denial, reduction, termination, rescission of coverage (whether or not, in connection with the rescission, there is an adverse effect on any particular benefit at that time), or failure to provide or make payment that is based on a determination that the Covered Person is no longer eligible to participate in a plan.

If a claim is being denied in whole or in part, the Covered Person will receive an initial claim denial notice within the timelines described above. A claim denial notice, usually referred to as an **Explanation of Benefits (EOB) form** will:

- Explain the specific reasons for the denial.
- Provide a specific reference to pertinent Plan provisions on which the denial was based.
- Provide a description of any material or information that is necessary for the Covered Person to perfect the claim, along with an explanation of why such material or information is necessary, if applicable.
- Provide appropriate information as to the steps the Covered Person can take to submit the claim for appeal (review).
- If an internal rule or guideline was relied upon, or if the denial was based on not meeting Medical Necessity or Experimental treatment, the Plan will notify the Covered Person of that fact. The Covered Person has the right to request a copy of the rule/guideline or clinical criteria that was relied upon, and such information will be provided free of charge.

**APPEALS PROCEDURE FOR ADVERSE BENEFIT DETERMINATIONS**

If a Covered Person disagrees with the denial of a claim or a rescission of coverage determination, the Covered Person or his/her Personal Representative can request that the Plan review its initial determination by submitting a written request to the Plan as described below. An appeal filed by a provider on the Covered Person’s behalf is not considered an appeal under the Plan unless the provider is a Personal Representative.

**First Level of Appeal:** This is a mandatory appeal level. The Covered Person must exhaust the following internal procedures before any outside action is taken.

- Covered Persons must file the appeal within 180 days of the date they received the Explanation of Benefits (EOB) form from the Plan showing that the claim was denied. The Plan will assume that Covered Persons received the written EOB form seven days after the Plan mailed the EOB form.
- Covered Persons or their Authorized Representative will be allowed reasonable access to review or copy pertinent documents, at no charge.
- Covered Persons may submit written comments, documents, records and other information relating to the claim to explain why they believe the denial should be overturned. This information should be submitted at the same time the written request for a review is submitted.
- Covered Persons have the right to submit evidence that their claim is due to the existence of a physical or mental medical condition or domestic violence, under applicable federal nondiscrimination rules.
- The review will take into account all comments, documents, records and other information submitted that relates to the claim. This would include comments, documents, records and other information that either were not submitted previously or were not considered in the initial benefit decision. The review will be conducted by individuals who were not involved in the original denial decision and are not under the supervision of the person who originally denied the claim.
- If the benefit denial was based in whole or in part on a medical judgment, the Plan will consult with a health care professional with training and experience in the relevant medical field. This health care professional may not have been involved in the original denial decision, nor be supervised by the health care professional who was involved. If the Plan has obtained medical or vocational experts in connection with the claim, they will be identified upon the Covered Person’s request, regardless of whether the Plan relies on their advice in making any benefit determinations.
After the claim has been reviewed, Covered Persons will receive written notification letting them know if the claim is being approved or denied. In the event of new or additional evidence, or any new rationale relied upon during the appeal process in connection with a claim that is being appealed, the Plan will automatically provide the relevant information to the Covered Person. The notification will provide Covered Persons with the information outlined under the Adverse Benefit Determination section above. It will also notify them of their right to file suit under ERISA after they have completed all mandatory appeal levels described in this SPD.

**Second Level of Appeal:** This is a voluntary appeal level. The Covered Person is not required to follow this internal procedure before taking outside legal action.

- Covered Persons who are not satisfied with the decision following the first appeal, have the right to appeal the denial a second time.
- Covered Persons or their Authorized Representative must submit a written request for a second review within 60 calendar days following the date they received the Plan’s decision regarding the first appeal. The Plan will assume that Covered Persons received the determination letter regarding the first appeal seven days following the date the Plan sends the determination letter.
- Covered Persons may submit written comments, documents, records and other pertinent information to explain why they believe the denial should be overturned. This information should be submitted at the same time the written request for a second review is submitted.
- Covered Persons have the right to submit evidence that their claim is due to the existence of a physical or mental medical condition or domestic violence, under applicable federal nondiscrimination rules.
- The second review will take into account all comments, documents, records and other information submitted that relates to the claim that either were not submitted previously or were not considered in the initial benefit decision. The review will be conducted by individuals who were not involved in the original denial decision or the first appeal, and are not under the supervision of those individuals.
- If the benefit denial was based in whole or in part on a medical judgment, the Plan will consult with a health care professional with training and experience in the relevant medical field. This health care professional may not have been involved in the original denial decision or first appeal, nor be supervised by the health care professional who was involved. If the Plan has obtained medical or vocational experts in connection with the claim, they will be identified upon the Covered Person’s request, regardless of whether the Plan relies on their advice in making any benefit determinations.
- After the claim has been reviewed, the Covered Person will receive written notification letting them know if the claim is being approved or denied. In the event of new or additional evidence, or any new rationale relied upon during the appeal process in connection with a claim that is being appealed, the Plan will automatically provide the relevant information to the Covered Person. The notification will provide the Covered Person with the information outlined under the Adverse Benefit Determination section above. It will also notify them of their right to file suit under ERISA after they have completed all mandatory appeal levels described in this SPD.

Regarding the above voluntary appeal level, the Plan agrees that any statutory limitations that are applicable to pursuing the claim in court will be put on hold during the period of this voluntary appeal process. The voluntary appeal process is available only after the Covered Person has followed the mandatory appeal level as required above. This Plan also agrees that it will not charge the Covered Person a fee for going through the voluntary appeal process, and it will not assert a failure to exhaust administrative remedies if a Covered Person elects to pursue a claim in court before following this voluntary appeal process. A Covered Person’s decision about whether to submit a benefit dispute through this voluntary appeal level will have no affect on their rights to any other benefits under the Plan. For any questions regarding the voluntary level of appeal including applicable rules, a Covered Person’s right to representation (Authorized Representative) or other details, please contact the Plan. Refer to the ERISA Statement of Rights section of this SPD for details on a Covered Person’s additional rights to challenge the benefit decision under section 502(a) of ERISA.
Appeals should be sent within the prescribed time period as stated above to the following address(es):

TIME PERIODS FOR MAKING DECISION ON APPEALS

After reviewing a claim that has been appealed, the Plan will notify the Covered Person of its decision within the following timeframes, although Covered Persons may voluntarily extend these timelines. In addition, if any new or additional evidence is relied upon or generated during the determination of the appeal, the Plan will provide it to You free of charge and sufficiently in advance of the due date of the response to the Adverse Benefit Determination. If such evidence is received at a point in the process where we are unable to provide You with a reasonable opportunity to respond prior to the end of the period stated below, the time period will be tolled to allow You a reasonable opportunity to respond to the new additional evidence.

The timelines below will only apply to the mandatory appeal level. The voluntary appeal level will not be subject to specific timelines.

- Pre-Service Claim: Within a reasonable period of time appropriate to the medical circumstances but no later than 30 calendar days after the Plan receives the request for review.
- Post-Service Claim: Within a reasonable period of time but no later than 60 calendar days after the Plan receives the request for review.
- Concurrent Care Claims: Before treatment ends or is reduced.
- Emergency and/or Urgent Care Claim: The Plan will notify a Covered Person or provider of a benefit determination (whether adverse or not) with respect to a claim involving Emergency or Urgent Care as soon as possible, taking into account the medical necessity, but not later than 24 hours after the receipt of the claim by the Plan.

RIGHT TO EXTERNAL REVIEW

If, after exhausting Your internal appeals, You are not satisfied with the final determination, You may choose to participate in the external review program. This program only applies if the adverse benefit determination involves:

- Clinical reasons;
- The exclusions for Experimental or Investigational Services or Unproven Services; or
- Determinations related to Your entitlement to a reasonable alternative standard for a reward under a wellness program;
• Determinations related to whether the Plan has complied with non-quantitative treatment limitation provisions of Code 9812 or 54.9812 (Parity in Mental Health and Substance Use Disorder Benefits); Or
• Other requirements of applicable law.

This external review program offers an independent review process to review the denial of a requested service or procedure (other than a pre-determination of benefits) or the denial of payment for a service or procedure. The process is available at no charge to You after You have exhausted the appeals process identified above and You receive a decision that is unfavorable, or if UMR or Your employer fails to respond to Your appeal within the time lines stated above.

You may request an independent review of the adverse benefit determination. Neither You nor UMR or Your employer will have an opportunity to meet with the reviewer or otherwise participate in the reviewer's decision. If You wish to pursue an external review, please send a written request to the following address:

UMR EXTERNAL REVIEW APPEAL UNIT PO BOX 8048 WAUSAU WI 54402-8048

Your written request should include: (1) Your specific request for an external review; (2) the Employee's name, address, and member ID number; (3) Your designated representative's name and address, when applicable; (4) the service that was denied; and (5) any new, relevant information that was not provided during the internal appeal. You will be provided more information about the external review process at the time we receive Your request.

Any requests for an independent review must be made within four (4) months of the date You receive the adverse benefit determination. You or an authorized designated representative may request an independent review by contacting the toll-free number on Your ID card or by sending a written request to the address on Your ID card.

The independent review will be performed by an independent Physician, or by a Physician who is qualified to decide whether the requested service or procedure is a qualified expense under the Plan. The Independent Review Organization (IRO) has been contracted by UMR and has no material affiliation or interest with UMR or Your employer. UMR will choose the IRO based on a rotating list of approved IROs.

In certain cases, the independent review may be performed by a panel of Physicians, as deemed appropriate by the IRO.

Within applicable timeframes of UMR's receipt of a request for independent review, the request will be forwarded to the IRO, together with:

• All relevant medical records;
• All other documents relied upon by UMR and/or Your employer in making a decision on the case; and
• All other information or evidence that You or Your Physician has already submitted to UMR or Your employer.

If there is any information or evidence You or Your Physician wish to submit in support of the request that was not previously provided, You may include this information with the request for an independent review, and UMR will include it with the documents forwarded to the IRO. A decision will be made within applicable timeframes. If the reviewer needs additional information to make a decision, this time period may be extended. The independent review process will be expedited if You meet the criteria for an expedited external review as defined by applicable law.
The reviewer’s decision will be in writing and will include the clinical basis for the determination. The IRO will provide You and UMR and/or Your employer with the reviewer’s decision, a description of the qualifications of the reviewer and any other information deemed appropriate by the organization and/or as required by applicable law.

If the final independent decision is to approve payment or referral, the Plan will accept the decision and provide benefits for such service or procedure in accordance with the terms and conditions of the Plan. If the final independent review decision is that payment or referral will not be made, the Plan will not be obligated to provide benefits for the service or procedure.

You may contact the Claims Administrator at the toll-free number on Your ID card for more information regarding Your external appeal rights and the independent review process.

LEGAL ACTIONS FOLLOWING APPEALS

After completing all mandatory appeal levels through this Plan, Covered Persons have the right to further appeal Adverse Benefit Determinations by bringing a civil action under the Employee Retirement Income Security Act (ERISA). Please refer to the ERISA Statement of Rights section of this SPD for more details. No such action may be filed against the Plan after three years from the date the Plan gives the Covered Person a final determination on their appeal.

PHYSICAL EXAMINATION AND AUTOPSY

The Plan may require that a Covered Person have a physical examination, at the Plan’s expense, as often as is necessary to settle a claim. In the case of death, the Plan may require an autopsy unless forbidden by law.

RIGHT TO REQUEST OVERPAYMENTS

The Plan reserves the right to recover any payments made by the Plan that were:

- Made in error; or
- Made after the date the person should have been terminated under this Plan; or
- Made to any Covered Person or any party on a Covered Person’s behalf where the employer determines the payment to the Covered Person or any party is greater than the amount payable under this Plan.

The Plan has the right to recover against Covered Persons if the Plan has paid them or any other party on their behalf.
FRAUD

Fraud is a crime that can be prosecuted. Any Covered Person who willfully and knowingly engages in an activity intended to defraud the Plan is guilty of fraud. The Plan will utilize all means necessary to support fraud detection and investigation. It is a crime for a Covered Person to file a claim containing any false, incomplete or misleading information with intent to injure, defraud or deceive the Plan. In addition, it is a fraudulent act when a Covered Person willfully and knowingly fails to notify the Plan regarding an event that affects eligibility for a Covered Person. Notification requirements are outlined in this SPD and other Plan materials. Please read them carefully and refer to all Plan materials that you receive (i.e., COBRA notices). A few examples of events that require Plan notification would be divorce, Dependent aging out of the Plan, and enrollment in other group health coverage while on COBRA (please note that the examples listed are not all inclusive).

These actions will result in denial of the Covered Person’s claim or termination from the Plan, and are subject to prosecution and punishment to the full extent under state and/or federal law.

Covered Persons must:

- File accurate claims. If someone else - such as Your spouse or another family member - files claims on the Covered Person’s behalf, the Covered Person should review the form before signing it;
- Review the Explanation of Benefits (EOB) form. Make certain that benefits have been paid correctly based on your knowledge of the expenses Incurred and the services rendered;
- Never allow another person to seek medical treatment under your identity. If your Plan identification card is lost, report the loss to the Plan immediately; and
- Provide complete and accurate information on claim forms and any other forms. Answer all questions to the best of your knowledge.
- Notify the Plan when an event occurs that affects a Covered Person’s eligibility.

To maintain the integrity of this Plan, Covered Persons are encouraged to notify the Plan whenever a provider:

- Bills for services or treatment that have never been received;
- Asks a Covered Person to sign a blank claim form; or
- Asks a Covered Person to undergo tests that the Covered Person feels are not needed.

Covered Persons concerned about any of the charges that appear on a bill or EOB form, or who know of or suspect any illegal activity, should call the toll-free hotline 1-800-356-5803. All calls are strictly confidential.
OTHER FEDERAL PROVISIONS

QUALIFIED MEDICAL CHILD SUPPORT ORDERS PROVISION

A Dependent Child will become covered as of the date specified in a judgment, decree or order issued by a court of competent jurisdiction or through a state administrative process.

The order must clearly identify all of the following:

- The name and last known mailing address of the participant;
- The name and last known mailing address of each alternate recipient (or official state or political designee for the alternate recipient);
- A reasonable description of the type of coverage to be provided to the child or the manner in which such coverage is to be determined; and
- The period to which the order applies.

Please contact the Plan Administrator if You would like a copy of the written procedures, at no charge, that the Plan uses when administering Qualified Medical Child Support Orders.

NEWBORNS AND MOTHERS HEALTH PROTECTION ACT

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for a Hospital length of stay in connection with childbirth for the mother or newborn Child to less than 48 hours following a vaginal delivery, or less than 96 hours following a Cesarean section. However, federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the Plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

SUMMARY OF MATERIAL REDUCTIONS RULE

HIPAA requires group health plans to furnish each participant with a summary of any material reductions in covered benefits no later than 60 days after the adoption of the change.

This group health plan also complies with the provisions of the:

- Mental Health Parity Act.
- Women’s Health and Cancer Rights Act of 1998 regarding breast reconstruction following a mastectomy.
- Pediatric Vaccines regulation, whereby employers will not reduce its coverage for pediatric vaccines below the coverage it provided as of May 1, 1993.
- Coverage of Dependent children in cases of adoption or placement for adoption as required by ERISA.
- Medicare Secondary Payer regulations, as amended.
- TRICARE Prohibition Against Incentives and Nondiscrimination Requirements amendments.
- The Genetic Information Non-discrimination Act (GINA).
- Children’s Health Insurance Program Reauthorization Act (CHIPRA).
STATEMENT OF ERISA RIGHTS

Covered Persons under this group health Plan, are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all Covered Persons shall be entitled to:

RECEIVE INFORMATION ABOUT PLAN AND BENEFITS

- Examine, without charge, at the Plan Administrator's office and at other specified locations (such as at work sites) all documents governing the Plan, including insurance contracts, collective bargaining agreements if applicable, and a copy of the latest annual report (Form 5500 series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration. No charge will be made for examining the documents at the Plan Administrator's principal office.

- Obtain, upon written request to the Plan Administrator, copies of documents that govern the operation of the Plan, including insurance contracts and collective bargaining agreements if applicable, and copies of the latest annual report and updated summary plan description. The Plan Administrator may make a reasonable charge for the copies.

- Receive a summary of the Plan's annual financial report (Form 5500 series). The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

CONTINUE GROUP HEALTH COVERAGE

Covered Persons have the right to continue health care coverage if there is a loss of coverage under the Plan as a result of a COBRA qualifying event. You or Your Dependents may have to pay for such coverage. Review this summary plan description and the documents governing the Plan on the rules governing COBRA continuation coverage rights.

PRUDENT ACTIONS BY PLAN FIDUCIARIES

In addition to creating rights for Covered Persons, ERISA imposes duties upon the people who are responsible for the operation of this Plan. The people who operate this Plan, called "Fiduciaries" of this Plan, have a duty to do so prudently and in the interest of all Plan participants.

NO DISCRIMINATION

No one may terminate Your employment or otherwise discriminate against You or Your covered Dependents in any way to prevent You or Your Dependents from obtaining a benefit or exercising rights provided to Covered Persons under ERISA.

ENFORCING COVERED PERSONS’ RIGHTS

If a claim for a benefit is denied or ignored, in whole or in part, Covered Persons have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps an Employee can take to enforce the above rights. For instance, if a Covered Person requests a copy of the Plan documents or the latest annual report from the Plan and does not receive them within thirty (30) days, the Covered Person may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay the Covered Person up to $110 a day until the materials are received, unless the materials were not sent because of reasons beyond the control of the Plan Administrator.
If a claim for benefits is denied or ignored, in whole or in part, the Covered Person may file suit in a state or federal court. In addition, if a Covered Person disagrees with the Plan’s decision or lack thereof concerning the qualified status of a medical child support order, the Covered Person may file suit in federal court. If it should happen that the Plan fiduciaries misuse the Plan’s money or if a Covered Person is discriminated against for asserting his or her rights, the Covered Person may seek assistance from the U.S. Department of Labor, or may file suit in a federal court. The court will decide who should pay court costs and legal fees. If the Covered Person is successful, the court may order the person sued to pay these costs and fees. If the Covered Person loses, the court may order the Covered Person to pay these costs and fees (for example, if it finds the claim to be frivolous).

ASSISTANCE WITH QUESTIONS

If there are any questions about this Plan, the Plan Administrator should be contacted. For any questions about this statement or about a Covered Person’s rights under ERISA, or for assistance in obtaining documents from the Plan Administrator, Covered Persons should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in the telephone directory, or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210. Covered Persons may also obtain certain publications about their rights and responsibilities under ERISA by calling the publication hotline of the Employee Benefits Security Administration.
PLAN AMENDMENT AND TERMINATION INFORMATION

The Plan Sponsor fully intends to maintain this Plan indefinitely, however the employer reserves the right to terminate, suspend or amend this Plan at any time, in whole or in part, including making modifications to the benefits under this Plan. No person or entity has any authority to make any oral change or amendments to this Plan. The Plan Administrator will provide written notice to Plan participants within 60 days following the adopted formal action that makes material changes to the Plan.

Your Rights if Plan is Amended or Terminated

If this Plan is amended, Your rights are limited to Plan benefits in force at the time expenses are Incurred, whether or not You have received written notification from the Plan Administrator that the Plan has been amended.

If this Plan is terminated, the rights of a Covered Person are limited to Covered Expenses incurred before You receive notice of termination.

The Plan will assume that You received the written amendment or termination letter from the Plan Administrator three days after the letter is mailed to You regarding the changes.

No person will become entitled to any vested rights under this Plan.

Distribution Of Assets Upon Termination Of Plan

Plan assets will be held for the exclusive purpose of providing benefits and defraying reasonable expenses, and will not inure to the benefit of the employer, except:

- If Plan assets consist of both participant contributions and employer contributions, the employer will determine which portion of the remaining assets is from the employer contributions and which portion is from participant contributions. The assets that are from participant contributions will be used to cover the cost of incurred Covered Expenses and reasonable expenses to administer the Plan. The portion of assets that are from employer contributions can be reverted to the employer.
- If all Plan assets are from employer contributions, the assets at the time of termination can revert to the employer, once incurred Plan expenses have been paid.
