WHAT IS ADVANCE?
If you are a faculty member in a STEM or SBE department, you are part of the ADVANCE program. ADVANCE is funded by the National Science Foundation (NSF) and is designed to aid institutions in promoting success for women underrepresented faculty in STEM & SBE. The broader impact of ADVANCE will be to create systemic institutional change that recognizes the impact of intersecting social identities, including but not limited to gender and race/ethnicity, on faculty success.

We hope to create an environment that enables all members of our STEM & SBE community to thrive, thereby enhancing the educational experience of our faculty & students. By furnishing our contribution to the STEM/SBE talent pipeline. Our long-term goal is creating the institutional change that will improve faculty success in all areas of campus at Marquette University.
