

MarquetteMUnchMates

SUMMARY

MarquetteMUnchMates is designed to be a platform in which students on the Meal Plan can utilize their guest swipes to engage and share meals with other students, faculty, and Jesuits on campus.

DESCRIPTION

MarquetteMUnchMates will allow underclassmen on the Meal Plan to request a meal with a MUnchMate, a campus-engaged upperclassman, faculty member, or Jesuit. This will not only allow for a more engaged community, but it will also provide a way for Guest Swipes to be used for good instead of being wasted. Hopefully, MUnchMates will help feed more people, decrease waste, and allow for positive relationships to form.

MILESTONES

1. Get the Word Out to Students, Faculty, and Jesuits
2. Partner with Campus Organizations and Clubs
3. Develop the Platforms: Website and Aps for Android and iPhone – Ready by Fall 2017

ABOUT OUR TEAM

Benjamin Zellmer

Kelsey Otero, Associate Director of Social Innovation

The idea for MarquetteMUnchMates came like most ideas: over lunch. Wondering how many other ideas might arise from lunches, MUnchMates was born with the hope to create more opportunities on campus for people to engage with each other. Underclassmen, upperclassmen, faculty, and Jesuits all have something to gain from MUnchMates. Everyone is invited to be a part of the team.

BEYOND BOUNDARIES

MUnchMates can provide important student experiences. We hope that every student at Marquette feels like they belong here. Getting involved with others on campus, joining clubs and organizations, and finding mentors in faculty and Jesuits all can contribute to making Marquette feel like home for everyone. This is what MUnchMates is designed to do. Each of us carries our own experiences, and when we are able to share our experiences with others and then listen to their experiences, we become more united to each other and can move past boundaries and into great new spaces.
