1. Go to Campus Downloads at http://www.marquette.edu/its/help/downloads/

2. Scroll to Maple and click the macOS link.

3. Login to Marquette’s Microsoft site with your Marquette.edu email address and password.

5. Double-click Maple2018.0MacInstaller.
Note that some Macs are setup to only allow installation from the Mac App Store. If that is the case, then follow these instructions.

a) Go to **Apple Menu > System Preferences > Security & Privacy**.
b) If you need to, click the lock to make changes and enter your Mac administration password.
c) Under “Allow applications downloaded for,” note which setting you have.
d) Select anywhere. It will prompt you that this is less secure. Click **Allow from anywhere**.
e) After the installation is complete, go back to the **Apple Menu > System Preferences > Security > Privacy** and reinstate the previous security setting.

6. This warning will appear. Click **Open**.
7. Enter your Mac credentials and click OK.

8. The Maple Setup window will appear. Click Next.
9. The License Agreement window will appear. Select the **I accept** option and click **Next**.
10. The Installation Directory window will appear. Click **Next**.
11. The Licensing Type window will appear. Select **Single User License** and click **Next**.
12. The Check for Updates window will appear. 
Select **Enable periodic checking for Maple 2016 updates after installation**. 
Select **Check for updates now**. 
Click **Next**.

13. This prompt will appear if there are no updates. Click **OK**.
14. The Pre-installation Summary window will appear. Click **Next**.
15. The Setup Finished window will appear. Select **Activate Maple** and click **Finish**.
