

3. When the potential schedule has been validated, a validation results box will appear with the details for each class indicating whether there are registration problems:

### Validation Results

You will not be able to register for the following course:

**BISC-4145, 101,**

- Enrollment Requisites are not met. Requirement Group: 001644, Description: Prereq: BISC major, BISC 2135, and BISC 2070 or BISC 3213; or PHAS major.

 You should have no problem registering for these courses:

- ANTH-1001, 102,
- ENGL-1002, 101,
- ECON-1103, 101,

Remember, you are **not** registered for these courses. Validating your schedule just checks to make sure you will be able to successfully register when your registration windows opens.
