

NEW STUDENT & FAMILY PROGRAMS

Hello!

We are eagerly planning your Orientation experience – and we need your input! With the recent Marquette Today announcement regarding the fall semester, we know that you may be reconsidering your fall semester plans, such as your class schedule or residence plan.

Nonetheless, we're excited to accommodate everyone's personal choices by providing Orientation virtually, with the opportunity to opt-in to an in-person meeting on Tuesday, August 25 (called Green Space Get Together).

In addition, we want to show off your talents and share your story, so we're hosting a virtual New Student Talent Show! YOU can record a 10-15 second video of yourself showing your talent, sharing a greeting, telling a joke, or just doing something that will make someone smile! Tell us your name and share with us for 10-15 seconds. Your video might be selected for our live event on Monday, August 24.

[You have a few more things to do by Friday, August 14.](#) We've updated your [Summer Checklist](#) for a quick view of these items:
