### Breanna Hetland PhD, RN, CCRN-K

Dr. Hetland has been exploring innovative ways to promote family engagement in symptom assessment and management in the Pediatric ICU setting. She has also been exploring the use of robotics during physical and occupational therapy. Dr. Hetland received her PhD from the University of Minnesota and completed a Postdoctoral Fellowship through Case Western Reserve University. She is currently working as an Assistant Professor at the University of Nebraska Medical Center College of Nursing.

#### Purpose

To provide a forum to share and discuss the impact of research, evidence-based practice, and quality improvement initiative on clinical practice and patient outcomes.

#### Target audience

This conference has been developed for staff nurses, advanced practice nurses, educators, managers, administrators, and students involved or interested in enhancing clinical practice or patient outcomes through research, evidence-based practice and quality improvement.

**\*Co-sponsored by Southeast Wisconsin Research Consortium Members:** Alverno College, Ascension HealthCare, Aurora Health Care, Cardinal Stritch University, Children's Hospital and Health System, Concordia University Wisconsin, Froedtert Hospital & the Medical College of Wisconsin, Marquette University, MSOE University, ProHealth Care, Sigma Theta Tau Chapters: Delta Gamma at Large, Eta Nu, and Phi Beta, University of Wisconsin- Milwaukee, and Clement J Zablocki VA Medical Center.
