# **PROGRAM FOR THE INTERNATIONALIZATION OF THE CURRICULA UNITED STATES-MEXICO**

#### **AMPEI IS**

- A nonprofit organization that aims to contribute effectively to the promotion and consolidation of the international dimension in Higher Education in Mexico.

#### **COIL METHODOLOGY:**

- It is a teaching-learning methodology that provides internationalization strategies using online technologies, bringing intercultural experiences and global learning to the classroom.
- It encourages the creation of learning environments where instructors work together to generate a shared study program that emphasizes collaborative and experiential learning.

#### **FACULTY PROFILE**

- Enthusiasm for innovative, collaborative, and interdisciplinary teaching.
- Experience in instructional design and information technologies skills applied to teaching.
- Commitment to participate in training workshops on COIL methodology, and to work with a Mexican professor to offer jointly a COIL course.

#### **HOW TO PARTICIPATE:**

- Interested U.S. faculty must register in the program providing contact data, institution, courses usually taught, research interests, and description of the proposed COIL course.
- If U.S. faculty do not have a Mexican partner, they will be supported by the PIC US-MX team to contact potential peers.
- Accepted participants must complete COIL training organized by AMPEI. Please check the calendar of workshops offered every semester, available in [www.ampei.org.mx](http://www.ampei.org.mx)
