Marquette Online Course Evaluation System (MOCES)
How to Access to Evaluation Results

This document outlines the course evaluation results available to course instructors, department chairs, and deans. If you have any questions, please email courseval@marquette.edu.

Course Instructors

Reports in MOCES
Once final grades have been submitted, instructors can log into MOCES and view most results online. Results are released the day after grades are due in the afternoon. The online results display a summary of each item on the evaluation, including a percentage distribution, the number of respondents, the median, and the mean. Student comments are also available. Benchmark statistics are NOT available.

Example Report from MOCES

Instructor Profile – Benchmarked Report for P&T
The Instructor Profile is a summary of an instructor’s teaching evaluations. For each class evaluated since fall 2008, the response rate, combined core item median, and benchmark statistics are displayed. The report also shows a detailed summary for each class. A guide to interpret this report is available online. This report should be used in P&T dossiers.

- Instructions for Full-Time Faculty Members
  Full-time, instructional faculty, chairs and deans with Faculty Activities Database (FAD) accounts can run the report directly from the FAD. The report is called “Instructor Profile (MOCES)” and instructions for running it are available online: FAD MOCES Instructions. If you have questions or concerns about the course evaluation results uploaded to your FAD account, please contact fad@marquette.edu.

- Instructions for Part-Time Faculty Members
  PDF copies of the results are available to chairs and deans through a SharePoint site. Chairs are to distribute these reports to those in their department who are part-time faculty. If you are part-time faculty member and have not received your report within 1-2 weeks after the end of the semester, please contact the chair of your department.
