

The 2021 meeting of the **Metaphysical Society of America** meeting will be held online, March 19-21.

The 2022 meeting, with the theme "*Metaphysical Traditions in Dialogue*" will be held, in person, at Marquette. Several of our faculty and grad students are doing work that would fit in well with the theme, so you might want to think about a paper idea for next year. Graduate students and recent PhDs may wish to submit a paper for the "Aristotle Prize." Sitting in, online, could give you a sense of the group. It has always been and remains a big tent.

The program for this year's meeting, and the papers themselves, can be accessed here. [https://www.metaphysicalsociety.org/2020/2020\\_meeting.htm](https://www.metaphysicalsociety.org/2020/2020_meeting.htm)

For the Zoom link, contact me.

best wishes

Owen Goldin  
Professor, Dept. of Philosophy  
Marquette University  
Milwaukee, WI 53201-1881
