- PSYC 2050H is highly recommended
- Cumulative psychology GPA of 3.500 or better and a cumulative GPA of 3.200 or better
- Identifying a psychology department faculty mentor

- PSYC 4954H: Honors Psychology Research Seminar
  - 2 credits x 2 semesters = 4 credits*
- PSYC 4956H: Honors Advanced Undergraduate Research
  - 1 credit x 2 semesters = 2 credits*

*Can count towards psychology elective credits
Independent Research

- Build on the skills learned in PSYC 2050
- Match with faculty member’s research interests
- Develop proposal
- Collect data or use previously-collected data
- Write up results
- Prepare poster

Admission

Applications will be due Friday, March 24, 2023 by 5:00 pm.

Answer the following questions. Each answer should be approximately 200-300 words. Admissions decisions will be made in part based on the answers to these questions.

(1) Describe your research experience, including your experiences in PSYC 2050/PSYCH 2050H. How have these experiences influenced your scientific development?

(2) Why do you want to complete an Honors Project? How does this fit with your academic and career goals?

(3) Identify faculty member(s) who might serve as your honors advisor. You may list more than one person. Please be sure to discuss this with them prior to submitting your application. An e-mail from the faculty member indicating her/his agreement to serve as an honors project advisor is strongly encouraged.

Please submit an unofficial copy of your Marquette University transcript.
Admission

- Admission is not guaranteed by meeting the requirements
- Admissions also determined by the number of faculty members available to supervise research projects
- Students who have previous research experience and who have completed more of their psychology coursework will be given priority in admissions

What to Expect in Honors in Psychology

- Meet individually with research mentor (PSYC 4956): develop individual research project and may work in research lab
- Meet for weekly seminar (PSYC 4954): support in preparing proposal and completing project, professional development, and cohort
- By the end of fall semester: attend College Celebration of Research and submit proposal
- By the end of spring semester: submit final research paper and present poster 1-2 times
- Celebrate!
Research Opportunities

- How do you find a research lab?
- Faculty Research Labs webpage
- Email faculty member and ask for a research assistant (RA) application
- PSYC 4956 credit
