

**OBSERVATIONAL STUDIES REGISTRATION**

This registration is for observation of an animal or animals that:

- (a) **does not** interfere with the animals' normal behavior or activities and
- (b) **does not** require handling by observers.

If this project requires any handling, manipulation, or sampling of animals, please complete the full IACUC protocol.

1. Principal Investigator:

Department:

Phone:

Email:

2. Brief description of the project (including class number, if applicable):

3. Animals to be observed:

Common Name	Location(s) of Observation

If more than four animals are to be observed, please attach additional pages.

4. Can the observation of the animals pose any potential risks to observers? (allergic reactions, etc.)

Yes

No

5. Dates the observation(s) will take place:

6. I, the PI, assure that the above information is complete and accurate, and that no animals will be manipulated, handled, or sampled during this project.
