

STUDY ABROAD ENGINEERING GUIDE

SEMESTER ENGINEERING OPTIONS (NON-EXHAUSTIVE)

- American University in Cairo (Egypt)
- Gonzaga-in-Florence (Italy)
- International University-Vietnam National University (Vietnam)
- Mahidol University International College (Thailand)
- Monash University (Australia)
- University College Dublin (Ireland)
- University of Auckland (New Zealand)
- Saint Louis University-Madrid (Spain)
- Universidad Pontificia Comillas (Spain)

***The best academic fit will depend on your major.**

SUMMER ENGINEERING OPTIONS

- Universidad Pontificia Comillas (Spain) - SAPIENS
- John Cabot University (Italy) + more!
- Courses available in Thermodynamics, Statics, Fluid Dynamics, Calculus I, Differential Equations, and Mechanics of Materials, etc. Look online for specifics.

OTHER INTERNATIONAL OPPORTUNITIES

- Engineers Without Borders
- Research
- Global Concentration

Other study abroad programs are available to Engineering students during the summer and J session to fulfill core, major, or minor requirements. Visit studyabroad.marquette.edu for additional information!

RECOMMENDED TERM

The best term for your major is typically spring semester sophomore year.

LOGISTICS

- Talk to your academic adviser about when the best time to go abroad would be to plan your course options. You can go abroad as soon as summer after freshman year.
- General cost: MU tuition + insurance + passport/visa + airfare + housing/food. Costs vary by program and location.
- Possible scholarships available - visit marquette.edu/study-abroad for scholarship information.
- Summer Stem Initiative and DAAD RISE & Scholarship.

NEXT STEPS

Join a Study Abroad 101! These info sessions are held Fridays at 3pm CST. Link at studyabroad.marquette.edu
