### PROGRAM COMPONENTS

This program takes an in-depth look at Ireland and the literature, culture and history upon which the country is built. Students will see Ireland through the eyes of famous Irish authors. The combination of classroom learning and hands-on excursions allow students to have a fresh and more comprehensive learning experience. The course will consist of author discussions and involve short day trips to places of note in relation to authors, including: James Joyce, W.B. Yeats, Frank O'Connor and Michael Hartnett. Students will look deeply into James Joyce and visit historical Martello Tower, the setting for the first chapter of Ulysses and travel to Yeats' grave and the city of Sligo. Students will also experience a play at the historic Abbey Theater. While Galway and Dublin will serve as the primary homes for this program, travel to other parts of Ireland are a vital component to the program's curriculum. Please email Dr. Farrell ([tyler.farrell@marquette.edu](mailto:tyler.farrell@marquette.edu)) with any questions you may have regarding the program.
